

**RESOLUTION OF THE BOARD OF DIRECTORS OF COUNTY SANITATION
DISTRICT NO. 3 OF LOS ANGELES COUNTY ADOPTING POLICIES AND
PROCEDURES FOR PROVIDING PRIORITY SERVICE TO AFFORDABLE
HOUSING PROJECTS
(California Government Code Section 65589.7)**

WHEREAS, the California legislature has declared that the lack of affordable housing is a matter of vital statewide importance; and

WHEREAS, Government Code Section 65589.7 enhances the priority granted to lower-income housing by requiring that public agencies that provide water or sewer services shall adopt written policies and procedures with specific objective standards for providing priority service to housing projects that include lower income units; and

WHEREAS, the Sanitation Districts of Los Angeles County are continually evaluating system requirements and capacity, monitoring planned and proposed project development, and working to ensure there is adequate capacity for future development throughout the Sanitation Districts of Los Angeles County service areas.

NOW, THEREFORE, BE IT RESOLVED, that the following guidelines are hereby adopted by the Board of Directors of County Sanitation District No. 3 of Los Angeles County (“District”) with respect to providing priority service to housing projects that include lower income units:

- (1) The District shall devote its best efforts to plan for and, to a reasonable degree (as determined on a case-by-case basis), prioritize providing sewer connections to residential housing projects that include lower income units as specified in the housing element of a general plan adopted by the legislative body of a county or city within the District’s boundaries;
- (2) Development projects that include lower income housing units shall not be denied approval of an application for service, nor shall conditions be imposed thereon or services reduced which are applied for, unless the District makes specific findings that the denial, condition, or reduction is necessary due to the existence of one or more of the following:
 - a. Insufficient water supply or insufficient water treatment or distribution capacity;
 - b. A State Department of Health Services order prohibiting new water connections;
 - c. Insufficient sewer treatment or collection capacity;
 - d. A Regional Water Quality Control Board order prohibiting new sewer connections; or
 - e. The applicant has failed to agree to reasonable terms and conditions.

- (3) Areas with Available Capacity – In times where the District has available capacity in its wastewater collection, treatment and disposal facilities, the provision of public sewer service to residential housing developments will be on an income-neutral basis.
- (4) Areas with Limitations in Capacity – In times where the District experiences service limitations due to capacity or regulatory constraints, service priority shall be given to planned developments that include housing units affordable to lower income households in accordance with Government Code Section 65589.7 and the limitations set therein.
- (5) Procedure – Whenever housing units affordable to lower income households are identified in a city or county housing element, or amendment thereto, from any city or county within the service area of the District, and a developer where the District is the local sewer agency applies for a connection permit, the District will give highest priority to the provision of services to that development and particularly to the affordable housing units contained therein.
- (6) At least once every five (5) years, the District shall update and approve the provisions of this Resolution by subsequent Resolution.

ADOPTED, SIGNED AND APPROVED this ____ day of _____, 2023.
