11:15 a.m. IWFORS Online Submittal of SMRs is Now Available
Karen Luo, Senior Engineer, LACSD

Starting 2/15/2024, eligible industrial users can prepare and electronically submit self-monitoring reports (SMRs) through the Industrial Waste Facility Online Reporting System (IWFORS). This presentation will provide users with a quick walk-through of IWFORS, the different types of SMR submittals available online, and how to complete electronic submission of SMRs to the Sanitation Districts.

12:00 p.m. Networking Lunch

12:15 a.m. Industrial Waste Permit – Rainwater Program: Present and Future
Kurt Bishop, Project Engineer & Rainwater Program Expert, LACSD

In Los Angeles County, wastewater and stormwater are conveyed through separate sewer networks, which prevent stormwater from overwhelming the sanitary sewer and wastewater treatment plants' design capacity. The presentation will discuss efforts that the Districts are making to utilize stormwater as a resource to expand water reuse programs and purified water partnerships. The Districts are developing guidelines that will define the conditions under which controlled discharge of rainwater and stormwater can occur to ensure a more integrated water management approach.

1:00 p.m. Helpful Wastewater Compliance Strategies & Why is PFAS A Big Deal
John Shaffer, CEO, EEC Environmental

John Shaffer of EEC Environmental will discuss helpful wastewater compliance strategies that industrial users can implement right away. He will also discuss the growing concern with per- and polyfluoroalkyl substances (PFAS) in wastewater and why it's a big deal.
