THE CONSTRUCTION OF
JOINT OUTFALL B UNIT 1A TRUNK SEWER REHABILITATION PHASE 3

Located in the City of Carson, California

AGREEMENT FOR PUBLIC WORKS CONSTRUCTION

This agreement for public works construction (“Agreement”) is dated _____ and is between COUNTY SANITATION DISTRICT NO. 2 OF LOS ANGELES COUNTY, a county sanitation district organized and existing under the County Sanitation District Act, California Health & Safety Code, Division 5, Part 3, Chapter 3, Sections 4700 et seq. (the “District”), and

SPINIELLO INFRASTRUCTURE WEST, INC.
(Corporation)

(the “Contractor”).

The District and the Contractor agree, as follows:

FIRST: The Contractor shall furnish all tools, equipment, labor, and material necessary to perform and complete, and to faithfully perform and complete, in good and workmanlike manner, the construction of

JOINT OUTFALL B UNIT 1A TRUNK SEWER REHABILITATION PHASE 3

(the “Work”), all in accordance with the Special Provisions, the Plans (Drawing No. JO-P-0467), and the Standard Specifications for Public Works Construction, 2021 Edition, complete with the District’s Amendments to the Standard Specifications, 2021 Edition, which are on file in the Office of the Chief Engineer of the District at 1955 Workman Mill Road, Whittier, California, 90601 (the “Contract Documents”). The Contract Documents and the proposal of the Contractor, which is also on file in the Office of the Chief Engineer, are incorporated by reference and made a part of this Agreement.

SECOND: The Contractor shall furnish all necessary tools, equipment, labor, and materials and shall perform and complete the Work as required or indicated by the Contract Documents under the direction and to the satisfaction of the District’s Chief Engineer.

THIRD: The Contractor shall diligently prosecute the Work to ensure the completion of the Work within 330 working days of the date in the Notice to Proceed to be issued by the District’s Chief Engineer as provided in the Contract Documents.

FOURTH: Pursuant to applicable provisions of the California Labor Code, the Contractor shall pay all workers employed on the Work by the Contractor, or by any subcontractor doing or contracting to do any part of the Work, not less than the general prevailing rate of per diem wages, and not less than the general prevailing rate of per diem wages for legal holiday and overtime work, for each craft or type of worker needed to perform the Work, as ascertained by the Director of the Department of Industrial Relations. In the event of non-compliance, the Contractor will be subject to the penalties provided in Labor Code Section 1775. No contractor or subcontractor may be listed on a bid proposal or awarded a contract or subcontract for this project unless it is registered with the Department of Industrial Relations and pays the required registration fee pursuant to Labor Code Section 1725.5. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. The Contractor shall keep and certify an accurate payroll record in accordance with the provisions of Labor Code Section 1776. The Contractor shall make its payroll record available for inspection in accordance with California Labor Code Section 1776, and shall be subject to the penalties provided in that Section in the event of noncompliance. The District may withhold any penalties assessed against the Contractor from progress payments then due.

A copy of the listing of general prevailing wage rates may be obtained from the State of California Department of Industrial Relations, Director's Office of Policy, Research and Legislation, Prevailing Wage Unit, at (415) 703-4774 or by visiting their web site at "www.dir.ca.gov".

As provided in Labor Code Section 1810, eight hours constitutes a legal day's work.

FIFTH: The District is authorized to withhold a portion of the amounts due Contractor as retention pending completion of the Work. At the request and expense of the Contractor, securities equivalent to amounts withheld as retention may be deposited with the District, or with a state or federally chartered bank as an escrow agent, who shall deliver the retention or retained securities to the Contractor upon satisfactory completion of the Work. This option provided to Contractor is currently provided for in California Public Contract Code Section 22300. Should that section cease to be effective, the Contractor will not have this option as to any progress payment paid or payable after the date the section ceases to be effective. Securities eligible for deposit under California Public Contract Code Section 22300 may only include those listed in Section 16430 of the Government Code or bank or savings and loan certificates of deposit. The Contractor shall be the beneficial owner of any security substituted for monies withheld and shall receive any interest earned on the deposited amounts.

SIXTH: The Contractor shall comply with Section 1777.5 of the Labor Code. Responsibility for compliance with this Section for all apprenticeable occupations shall be fixed with the Contractor.

SEVENTH: In consideration of the full and satisfactory performance of this Agreement, the District shall pay the Contractor, and the Contractor shall accept in full and final payment for the Work, the following prices for the different classes or units of work specified, namely:

Item 1 – or mobilization, including but not limited to, bonds, insurance, submittals, implementation of web-based project management protocol and yard, the lump sum of \$225,000.00.

Item 2 – For permit related costs and for complying with modified and/or additional conditions and requirements imposed by the required permits, which were not known or reflected in the Plans and Special Provisions at the time of bidding, for payment of direct costs associated with obtaining the required permits and licenses to perform the work within local jurisdictions, including permit fees, business license fees, application fees, inspection fees, plan check fees, encroachment fees, or similar, with all requests for payment accompanied by an official receipt without markups, and all work and material incidental thereto, to be paid at the Engineer's discretion, the allowance sum of \$150,000.00.

Item 3 – For additional costs due to unknown or interfering utilities, including additional potholing; identification of unknown line service; demolishing and disposal of out-of-service substructures in addition to what is shown or specified in the Contract Documents; temporarily supporting or relocating interfering substructures to remain as directed by the Engineer; and all work and materials incidental thereto, to be paid at the Engineer's discretion on a time and material basis, the allowance sum of \$150,000.00.

Item 4 – For rehabilitation of approximately 3,183 linear feet of existing 144-inch diameter reinforced concrete pipe (RCP) sewer between approximate Stations 64+73.63 and 67+99.69 and Stations 0+00 and 28+56.73 by sliplining with 126-inch nominal diameter fiberglass reinforced plastic (FRP) liner pipe, including potholing of substructures, construction of insertion pit(s), installation and operation of odor scrubbers, installation and removal of test section, grouting of annular space, pre- and post-lining closed circuit television (CCTV) inspection, encasement of pipe and closure of insertion pit, backfill and compaction, resurfacing and site restoration, temporary fencing, all work and materials incidental thereto, the unit price of \$2,600.00 per linear foot.

Item 5 – For the rehabilitation of approximately one (1) existing manhole (MH B 0010) using fiberglass lining system as specified in Section 9 of the Special Provisions and shown on the Plans, including replacement of frame and cover, traffic control, all equipment, and all work and materials incidental thereto, the unit price of \$40,000.00 each.

Item 6 – For the rehabilitation of approximately one (1) existing manhole (MH B 0008) with a protective coating system as specified in Section 10 of the Special Provisions and shown on the Plans, including all equipment, traffic control, and all work and materials incidental thereto, the unit price of \$40,000.00 each.

Item 7 – For the rehabilitation of approximately two (2) existing manholes (MHs B 0011, B 0012) with a protective coating system as specified in Section 10 of the Special Provisions and shown on the Plans, including all equipment, traffic control, and all work and materials incidental thereto, the unit price of \$35,000.00 each.

Item 8 – For the rehabilitation of approximately one (1) existing manhole (MH B 0013) with a protective coating system as specified in Section 10 of the Special Provisions and shown on the Plans, including all equipment, traffic control, and all work and materials incidental thereto, the unit price of \$35,000.00 each.

Item 9 – For the construction of approximately one (1) 36-inch diameter manhole at approximate Station 67+50.00, with PVC liner as specified in Section 7 of the Special Provisions and shown on the Plans, including all equipment, and all work and materials incidental thereto, the unit price of \$35,000.00 each.

Item 10 – For the abandonment of approximately one (1) existing manhole (MH B 0009) as specified in Section 3.7.1 of the Special Provisions and shown on the Plans, including all equipment, and all work and materials incidental thereto, the unit price of \$21,000.00 each.

Item 11 – For the cleaning of existing 144-inch diameter RCP sewer from MHs B 0008 to B0013 including trapping, collecting, removing, handling, storing, transporting, and disposing at an approved facility off the site of approximately 1,400 cubic yards of sewer debris, and all work and materials incidental thereto, the unit price of \$300.00 per cubic yard.

Item 12 – For the flow diversion as specified in Section 8.3.1.3 of the Special Provisions, including removal and reinstallation of stoplogs at MHs B 0926 and B 0925, transport of stoplogs from and to the Warren Facility, removal and reinstallation of precast covers and gaskets, packing of stoplogs, sealing any open areas between the top of stoplogs and manhole structures to prevent sewer gas migration, dewatering of sewer reaches, and work and material incidental thereto, the lump sum of \$450,000.00.

Item 13 – For the removal and reinstatement of the flow diversions due to rain events or other constraints at MHs B 0925 and B 0926 for two (2) events as specified in Section 8.3.1.6 of the Special Provisions, including setup; maintenance; and removal and reinstatement of diversion; dewatering of sewer reaches; and all other work and materials incidental thereto, the unit price of \$40,000.00 each.

Item 14 – For the implementation and removal of flow bypass system from MH B 0004 to MH A 0004 using a specialized flow bypassing contractor or subcontractor as specified in Section 8.3.1.4 of the Special Provisions, including setup, operation, monitoring, odor control, and breakdown of the bypass system; and all equipment, work, and materials incidental thereto, the lump sum of \$350,000.00.

Item 15 – For designing, furnishing, installation, implementation, and removal of ventilation and odor control equipment systems, and temporary air curtains in accordance with Sections 8.3.1.5, 8.5.5, and 8.5.6 of the Special Provisions, and all traffic control, work, and materials incidental thereto, the lump sum of \$160,000.00.

Item 16 – For the re-establishment of approximately three (3) existing sewer connections to the liner pipe as specified in Section 8.5.7 of the Special Provisions, including notifications, and all work and materials incidental thereto, the unit price of \$15,000.00 each.

Item 17 – For the engineering, furnishing, installing, and removing of all sheeting, shoring, bracing, or equivalent method provided for work protection for all trenches and excavations conforming to the applicable safety orders, including all work and materials incidental thereto, the lump sum of \$1,100,000.00.

Item 18 – For removing, handling, transporting off site, stockpiling, covering, and final disposal of approximately 5 cubic yards of contaminated soil, including all work appurtenant thereto, the unit price of \$5,000.00 per cubic yard.

Each party is signing this Agreement on the date stated opposite that party's signature.
