

LIST OF TABLES

LIST OF TABLES

	<i>Page</i>
Table ES-1	Summary of First-Level Screening of Standard Wastewater Treatment Alternatives..... ES-5
Table ES-2	Summary of First-Level Screening of General Effluent Management Methods ES-6
Table ES-3	Summary of Second-Level Screening of Feasible Secondary Treatment Alternatives ES-10
Table ES-4	Screening of Agricultural Reuse Siting Alternatives ES-16
Table ES-5	Screening of Storage Reservoir Siting Alternatives..... ES-17
Table ES-6	Capital Cost Breakdown of the Proposed Project ES-18
Table ES-7	Equivalent Annual Cost of the Proposed Project ES-19
Table ES-8	Summary of Impacts and Mitigation Measures ES-24
Table 2-1	Monthly Climate Summary 2-1
Table 2-2	Major San Andreas Fault Activity 2-3
Table 2-3	Maximum Probable Earthquakes for Antelope Valley Faults 2-3
Table 2-4	City of Palmdale Race Data 2-11
Table 2-5	Antelope Valley Employment by Sector 2-12
Table 2-6	Antelope Valley Manufacturing Employment 2-12
Table 2-7	Existing and Planned Land Use in Palmdale Area 2-13
Table 3-1	District No. 20 Industrial Wastewater Discharge Limits 3-3
Table 3-2	Suitable Uses of Recycled Water 3-9
Table 3-3	Proposed Uses of Recycled Water for Issuance of Master Permit for the Palmdale Water Reclamation Plant 3-10
Table 3-4	Concentration Standards for Biosolids 3-16
Table 4-1	Summary of Current Design Criteria for Palmdale Water Reclamation Plant 4-2
Table 4-2	2004 Flow Rates for Trunk Sewers Within District No. 20 4-3
Table 4-3	Landfills/Composting Facilities Permitted to Accept Biosolids..... 4-4
Table 4-4	Recycled Water Use at Effluent Management Site in 2004 4-5
Table 4-5	Estimated Losses from Palmdale Water Reclamation Plant Oxidation Ponds 4-6
Table 4-6	Typical Monthly Irrigation Schedule for Alfalfa at the Palmdale Water Reclamation Plant 4-7
Table 4-7	Crop Production of EMS 4-7
Table 5-1	Palmdale Water Reclamation Plant Influent Flow Rates for 2004..... 5-8
Table 5-2	Palmdale Water Reclamation Plant Effluent Flow Rates for 2004 5-8
Table 5-3	Schedule of Agricultural Operations at the LAWA Site 5-9
Table 5-4	Palmdale Water Reclamation Plant Weekly or Monthly Influent Monitoring Results in 2004.... 5-9
Table 5-5	Palmdale Water Reclamation Plant Influent Monitoring Results for Constituents Monitored Annually in 2004 5-10

Table 5-6	Palmdale Water Reclamation Plant Weekly or Monthly Secondary Effluent (Ponds 2 Through 7) Monitoring Results in 2004.....	5-10
Table 5-7	Palmdale Water Reclamation Plant Quarterly Secondary Effluent (Ponds 2 Through 7) Monitoring Results for 2004.....	5-11
Table 5-8	Palmdale Water Reclamation Plant Secondary Effluent (Ponds 2 Through 7) Monitoring Results for Constituents Monitored Annually in 2004.....	5-11
Table 5-9	Department of Finance Statistics for 1999 Through 2003 Within District No. 20 Service Area.....	5-12
Table 5-10	Historical Wastewater Flow Rates of the Palmdale Water Reclamation Plant With Adjustments for Plant Processes	5-12
Table 5-11	Historical Industrial Waste Permitted Flow Rates Within District No. 20	5-13
Table 5-12	Projected Industrial Waste Flow Rates Within District No. 20.....	5-13
Table 5-13	Calculation of Per Capita Wastewater Generation Rate	5-15
Table 5-14	Palmdale Water Reclamation Plant Projected Wastewater Flow Rates by Census Tract	5-15
Table 5-15	Palmdale Water Reclamation Plant Projected Wastewater Flow Rates for SCAG Planning Horizons	5-16
Table 5-16	Sewer Relief Needs Based on Projected Population Statistics	5-16
Table 6-1	Summary of the First-Level Screening of Standard Wastewater Treatment Alternatives.....	6-14
Table 6-2	Summary of First-Level Screening of General Effluent Management Methods	6-15
Table 6-3	Summary of Second-Level Screening of Feasible Secondary Treatment Alternatives.....	6-27
Table 7-1	Summary of Design Criteria for the Palmdale Water Reclamation Plant.....	7-2
Table 7-2	Screening of Agricultural Reuse Siting Alternatives	7-11
Table 7-3	First-Level Screening of Storage Reservoir Alternatives	7-13
Table 7-4	Capital Cost Breakdown of the Proposed Project	7-16
Table 7-5	Equivalent Annual Cost of the Proposed Project	7-17
Table 7-6	Major Upgrade and Expansion Components of the Proposed Project	7-17
Table 7-7	Capital Cost of Upgrade and Expansion Components of the Proposed Project	7-18
Table 10-1	Designated City Scenic Streets and Highways	10-1
Table 12-1	Special Status Plant Species Observed or Potentially Present in the Initial Study Area.....	12-7
Table 12-2	Special Status Wildlife Species Potentially Occurring Within the Initial Study Area.....	12-9
Table 13-1	Congested Arterial Segments.....	13-2
Table 13-2	Projected Truck Trips at 15.0 MGD and 22.4 MGD	13-5
Table 14-1	Antelope Hydrologic Unit (HU 626.00) Select List of Beneficial Uses	14-5
Table 14-2	Palmdale Water Reclamation Plant Effluent Water Quality and EPA Recommended Limits	14-9
Table 15-1	Modified Mercalli Intensity Scale.....	15-4
Table 16-1	Summary of Lancaster Air Monitoring Station Data, 2000-2004.....	16-2
Table 16-2	State and National Criteria Air Pollutant Standards, Effects, and Sources.....	16-3

Page

Table 16-3	Existing Criteria Pollutant Emissions from the Palmdale Water Reclamation Plant	16-4
Table 16-4	Air Contaminant Emissions Inventory from the Palmdale Water Reclamation Plant	16-5
Table 16-5	AVAQMD Air Quality Thresholds of Significance	16-5
Table 16-6	Estimated Construction Emissions.....	16-7
Table 16-7	Criteria Emissions from Permitted Stationary Sources at Palmdale Water Reclamation Plant (Year 2000)	16-8
Table 16-8	Estimated Air Emissions from Operation of Expanded Palmdale Water Reclamation Plant 2025.....	16-9
Table 17-1	Effects of Noise on People.....	17-1
Table 17-2	County Exterior Noise Standards.....	17-3
Table 17-3	County Noise Regulations for Construction Noise	17-3
Table 17-4	Palmdale General Plan Noise Regulations.....	17-4
Table 17-5	Typical Construction Noise Levels.....	17-6
Table 17-6	Demolition and Construction Equipment Source Noise Levels.....	17-7
Table 20-1	Antelope Valley Population Trends	20-1
Table 20-2	Antelope Valley Employment by Sector.....	20-2
Table 20-3	Palmdale Employment Projections	20-2
Table 20-4	Housing Trends for the City of Palmdale	20-3
Table 20-5	Household Income and Poverty Status by Census Tract.....	20-4
Table 20-6	Race/Ethnicity by Census Tract.....	20-6
Table 21-1	Current and Projected Average Annual Chemical Usage	21-1
Table 21-2	Designated Truck Routes	21-3
Table 23-1	Significant Effects Identified in the City of Palmdale General Plan EIR	23-2
Table 23-2	Significant Effects Identified in the City of Lancaster General Plan EIR.....	23-3
Table 23-3	Comparison of Proposed Project with No Project Alternative	23-7
Table 23-4	Summary of Significant Impacts Avoided by Project Alternatives	23-9
Table 26-1	List of Comment Letters Received on the Draft Palmdale Water Reclamation Plant 2025 Plan and EIR.....	26-1
Table 26-2	Palmdale Water Reclamation Plant Water Balance at 22.4 MGD	26-73
Table 26-3	Project Construction Emissions and General Conformity Thresholds.....	26-92
Table 27-1	June 2, 2005, Draft Palmdale Water Reclamation Plant 2025 Plan and EIR Public Hearing Speakers.....	27-1
