RE: INVESTMENT POLICY ADOPT

As part of the continuing effort to ensure the Districts follow best practices as it relates to financial matters, revisions to the Investment Policy (Policy) are being

recommended. The Policy establishes the practices under which the Districts invest reserves until such time as they are needed to meet expenses and identifies what types of investments are allowable. Proposed revisions would grant permission to invest in shared investment pools comprised of other California public agencies. A letter summarizing the proposed changes was attached to the agennda. This item is consistent with the Districts' Guiding Principle of commitment to fiscal responsibility and prudent financial stewardship. A recommendation was made to adopt the Policy.

The Chief Engineer and General Manager introduced Mr. Matt Eaton, Deputy Assistant Chief Engineer and Department Head of Financial Management, to provide a brief presentation regarding the Policy revisions.

Mr. Eaton stated that one uniform investment policy is adopted by every District. The Policy sets the objective of the investment program, in terms of safety of the principal, liquidity, and the market rate of the return. The Policy defines the types of investments that are allowed.

The current Policy allows investment with the County's PSIF. The proposed change would allow investment in other similar shared investment pools comprised solely of California public agencies. These investment pools could provide for potentially greater returns depending on market conditions and would reduce overall risk due to added diversification.

Two new potential investments were shown on a slide. The California Asset Management Program (CAMP) Pool consists of \$18.4 billion in assets. The CAMP Pool was established in 1989 and has an S&P rating of AAAm. California Cooperative Liquid Assets Securities System (CLASS) consists of \$407 million in assets. CLASS was established in 2022 and has an S&P rating of AAAm. The pools were formed by government entities and operate under Joint Power Agreements.

In May, the Personnel Committee endorsed the revisions to the Policy. The Policy will be presented to individual Boards for approval in June and July. In August, staff will begin the process of establishing accounts with the new pools and will include them as part of the Districts' investment strategy.

In response to Director Argumedo, City of Commerce, Mr. Eaton shared a table showing the recent investment return rates. The return rates and corresponding investments are as follows:

- LA County PSIF 4.20 percent
- 3-month U.S. Treasury 5.45 percent
- CLASS 5.39 percent
- CAMP 5.43 percent

He advised that the County PSIF rate of return will likely fluctuate less since it invests in longer-term investments. CLASS and CAMP invest in shorter-term investments. Furthermore, the Chief Engineer and General Manager stated that due to the current state of the market, the returns of the new pools provide a great benefit.

Upon motion of Director Hahn, duly seconded and unanimously carried by a roll-call vote, the Investment Policy was adopted.

RE: APPROPRIATIONS LIMIT FOR FISCAL YEAR 2024-25 ESTABLISH AND ADOPT The Chief Engineer and General Manager stated that all agendas include an item to establish the appropriations limit on the proceeds of taxes, adopt the final operating budget, request the tax levy, and authorize appropriations per the operating budget. The Joint Outfall System (JOS) is in a good financial position and reserves are at target. The Districts plans to apply for bonds later this year and anticipate low interest rates. The Capital Improvement Program (attached to the agenda), which was developed by the Financial Management Department, provides a brief overview of the JOS, the Districts' mission and core values, budget objective, major projects (including The Clearwater Project, Sewer Rehabilitation, Pure Water Southern California, Seismic Resiliency Program, and Emerging Regulatory Concerns).

He referred to a chart showing risk levels of sewer failure and length of sewer in miles that fall into each risk level (very low to very high). The chart allowed the Districts to plan and prioritize sewer rehabilitation projects with the highest risk levels. The Districts' goal is to reduce the high risk levels in the next few years.

A letter discussing the 2024-25 fiscal year budget matters accompanied the agenda. The Government Code requires the governing body of each local jurisdiction to establish, by resolution, an appropriations limit for each fiscal year. The documentation used in the determination of the appropriations limits must be available 15 days prior to this action being taken. The method by which the Districts' appropriations limits were calculated has been available to the public at the Districts' Joint Administration Office since May 15, 2024, and was provided to the Directors with the letter of May 30, 2024, mailed with the agenda. This item is consistent with the Districts' Guiding Principles of commitment to fiscal responsibility and prudent financial stewardship; and to plan for both short and long term needs to minimize the need for significant rate increases.

The appropriations limit for fiscal year 2024-25 has been determined by adjusting the previous fiscal year's limits using the factors specified in the Government Code. The appropriations limit has also been adjusted to include mandated costs, all in accordance with the procedures outlined in Article XIIIB of the Constitution and Section 7910 of the Government Code. A recommendation was made that, in order to comply with legal requirements, this Board adopt an appropriations limit of \$26,370,037 for fiscal year 2024-25.

Upon motion of Director Hahn, duly seconded and unanimously carried by a roll-call vote, the following resolution was adopted:

BE IT RESOLVED, that pursuant to Section 7910 of the Government Code of the State of California, the Board of Directors of County Sanitation District No. 1 of Los Angeles County does hereby establish and adopt an appropriations limit of \$26,370,037 for fiscal year 2024-25, utilizing the population change and the change in the personal per capita income.

RE: BUDGET 2024-25 OPERATING FUND In a letter dated May 30, 2024, to the Board, matters were discussed pertaining to the budget for the 2024-25 fiscal year. A sewerage system final budget for the 2024-25

fiscal year was presented and a recommendation was made that the budget be adopted.

Upon motion of Director Hahn, duly seconded and unanimously carried by a roll-call vote, the sewerage system final budget for 2024-25 was approved, adopted, and ordered filed.

RE: TAX LEVY OPERATING FUND

Data for the tax levy necessary for the Operating Fund was presented and a recommendation was made that the tax levy be requested in accordance therewith.

Upon motion of Director Hahn, duly seconded and unanimously carried by a roll-call vote, the following resolution was adopted:

BE IT HEREBY DETERMINED, RESOLVED, AND ORDERED AS FOLLOWS:

That pursuant to the provisions of Article 6, Section 4815 of the County Sanitation District Act (Chapter 3, Part 3, Division V, of the Health & Safety Code of the State of California), the Board of Directors of County Sanitation District No. 1 of Los Angeles County does hereby find and declare that the sum of \$5,454,000 is and will be the amount necessary to maintain, operate, extend, or repair any work or improvements of the District for the collection, treatment, and disposal of sewage, and to defray all other expenses incidental to the exercise of any of the District's powers, except the amounts necessary to acquire, construct, maintain, and operate a refuse transfer or disposal system, or both, and any other expenses incidental to the operation of the system during the ensuing year and prior to the annual levy of taxes for the fiscal year 2025-26, and the Board of Supervisors of Los Angeles County is hereby requested to cause to be levied and collected at the same time and in the same manner as the next general tax levy for the County a tax upon the real property in the District, in an

amount sufficient to raise the required amount, to wit: \$5,454,000, to be paid into the County Treasury to the credit of the Operating Fund of the District.

The Secretary is hereby instructed to furnish a copy of this resolution and statement to the Board of Supervisors of Los Angeles County at least fifteen (15) days before the first day of September 2024.

RE: APPROPRIATIONS OPERATING FUND 2024-25

Upon motion of Director Hahn, duly seconded and unanimously carried by a roll-call vote, the appropriations from the Operating Fund for fiscal year 2024-25 were

ordered made as shown in the Operating Fund Final Wastewater Budget that was attached to the agenda.

Upon motion of Director Sharif, duly seconded and unanimously carried, the meeting was adjourned.
