

## **CHANGES AND ERRATA**

---

# CHANGES AND ERRATA

---

This chapter references the significant revisions made to the Draft 2025 Plan and EIR.

## PART I: FACILITIES PLAN

### Executive Summary

- *Municipal Reuse* under *Analysis of Project Alternatives* section has been revised to include a description of the Antelope Valley Water Reuse Group.
- Figure ES-7 has been revised to reflect changes to the proposed plant configuration of Stage V.
- Figure ES-8 has been revised to reflect changes to the proposed plant configuration of Stage VI.
- Figure ES-9 was added to show Agricultural Reuse and Storage Reservoir Study Areas.
- *Proposed Project Site Selection* under *Proposed Project Summary* section has been added to the Executive Summary.
- Figure ES-10 has been revised to reflect public comments and changes to the proposed project.
- *Project Implementation and Schedule* under *Proposed Project Summary* section has been revised to clarify District No. 20's position on the proposed project schedule.
- *Service Charge and Connection Fee Rates* under *Proposed Project Summary* section has been updated to reflect revised cost estimates.
- Tables ES-6 and ES-7 have been updated to reflect revised cost estimates.
- Table ES-8 has been revised to reflect public comments.

### Chapter 1 Introduction

- *History of the Palmdale Water Reclamation Plant* under *County Sanitation District No. 20 of Los Angeles County* section has been revised to add clarifications on the 1982 EIS for the PIA.
- *The Palmdale Water Reclamation Plant 2025 Facilities Plan Organization* section has been updated to include the public review and comment period.

### Chapter 3 Laws and Regulations

- *Water Recycling Requirements* under the *Regulations Governing Water Reuse* section has been revised to include a discussion of a master reclamation permit.
- Table 3-3 has been added to provide a list of proposed uses under a master reclamation permit.
- *Local Regulations* under the *Regulations Governing Endangered Species* section has been revised to reflect public comments.

## **Chapter 5 Water, Wastewater, and Projections**

- *Recycled Water Reuse* under the *Uncertainties and Possible Effects on Projections* section has been updated to include a discussion of the Antelope Valley Water Reuse Group.
- Tables 5-3 through 5-6 and 5-8 have been updated to reflect the most recent information available.

## **Chapter 7 Proposed Project Summary**

- Table 7-1 has been updated to reflect changes in the proposed plant layout for Stages V and VI.
- Figure 7-2 has been updated to reflect changes in the proposed plant layout for Stage V.
- Figure 7-3 has been updated to reflect changes in the proposed plant layout for Stage VI.
- *Municipal Reuse* under the *Summary of Proposed Project* section has been updated to include discussions of the Antelope Valley Water Reuse Group and a master reclamation permit.
- *Screening of Agricultural Reuse Areas* under the *Proposed Project Site Selection* section has been revised to include changes in the proposed project.
- *Selection of Agricultural Reuse Operation and Storage Reservoir Location* under the *Proposed Project Site Selection* section has been revised to include changes in the proposed project.
- Figure 7-7 has been updated to reflect changes in the proposed project.
- The *Project Implementation and Schedule* section has been revised to clarify District No. 20's position on proposed project schedule.
- Tables 7-5 and 7-6 have been updated to reflect revised cost estimates.
- *Service Charge Rate* under the *Project Cost and Revenue Program* section has been updated to reflect revised cost estimates.
- *Connection Fee Rate* under the *Project Cost and Revenue Program* section has been updated to reflect revised cost estimates.

## **PART II: ENVIRONMENTAL IMPACT REPORT**

### **Chapter 8 EIR Purpose and Scope**

- *Proposed Project* under the *California Environmental Quality Act Process Overview* section has been revised to reflect changes in the proposed project.

### **Chapter 12 Biological Resources**

- Mitigation Measure 12-5 has been revised in response to comments received on loss of nesting habitat.

- Mitigation Measures 12-7 and 12-8 have been revised in response to comments received on MGS absence surveys.
- Mitigation Measure 12-12 has been revised in response to comments received on the need for a 2081 incidental take permit.

#### **Chapter 14 Hydrology and Water Quality**

- The *Regulatory Background* section has been revised to include a discussion of a master reclamation permit.
- *Municipal Reuse* under *Impact 14-3* has been revised to include a discussion of a master reclamation permit.
- Mitigation Measures 14-5 has been revised to clarify steps to be taken to prevent runoff during storm events.

#### **Chapter 20 Population and Housing/Secondary Effects of Growth**

- *Regional Management Plans* under *Impact 20-3* has been revised in response to comments received regarding the secondary effects of growth.

### **PART III: PUBLIC PARTICIPATION PROGRAM**

#### **Chapter 24 Public Outreach Overview**

- The *Public Review Period* section has been added to document the public review and comment period and response to comments.

#### **Chapter 25 General Responses To Comments**

- Chapter 25 was added to include general responses to comments received on the Draft 2025 Plan and EIR.

#### **Chapter 26 Written Comments and Responses**

- Chapter 26 was added to include written comments received on the Draft 2025 Plan and EIR during the public review period and responses to their comments.

#### **Chapter 27 PUBLIC HEARING COMMENTS AND RESPONSES**

- Chapter 27 was added to include oral comments on the Draft 2025 Plan and EIR presented during the public hearing review period and responses to their comments.
