

TOUR INFORMATION

Thank you for your interest in touring the Center and for taking the time to learn more about this new potential water supply. Please read the information below to help you prepare for your arrival.

DIRECTIONS AND PARKING

The Center is located on the campus of the Joint Water Pollution Control Plant, located at 24501 S. Figueroa Street in Carson. Using a map application will send you to the general vicinity of the Center, but use the specified directions below to arrive at the exact tour location. Please note that some map functions may display Wilmington instead of Carson, and this is still the correct address.

Traveling South on Figueroa (From Sepulveda):

- Continue south and pass the railroad tracks
- Look for a blue sign for the Center on your left
- Turn left into the driveway just before the sign and let the security guard know you are attending a Center tour
- Continue straight after the gate and follow banners to the Center
- Park in the small lot on the right by the facility or in the open area on the left
- Walk to the Learning Center Trailer to check in for your tour

Traveling North on Figueroa (From PCH or Lomita):

- Continue north of Lomita Blvd.
- Look for a blue sign for the Center on your right
- Turn right into the driveway and let the security guard know you are attending a Center tour
- Continue straight after the gate and follow banners to the Center
- Park in the small lot on the right by the facility or in the open area on the left
- Walk to the Learning Center Trailer to check in for your tour
