

LIST OF APPENDICES

- A. Analytical Data
 - A.1 Air
 - A.1.1 Analytical Data
 - A.1.1.1 Ambient Air Monitoring
 - A.1.1.2 Surface Gas Monitoring
 - A.1.1.3 Perimeter Probe Monitoring
 - A.1.1.4 Neighborhood Monitoring
 - A.1.1.5 Landfill Gas Monitoring
 - A.1.1.6 Surface Flux Chamber Monitoring
 - A.1.2 Chains of Custody for the Air Monitoring Samples
 - A.1.3 Statistical Analysis Summaries for Ambient Air Monitoring Data
 - A.2 Soil/Sediment
 - A.2.1 Subsurface Soil Boring Samples
 - A.2.1.1 Analytical Data
 - A.2.1.2 Chains of Custody
 - A.2.2 Soil Cover Samples
 - A.2.2.1 Analytical Data
 - A.2.2.2 Chains of Custody
 - A.2.3 South Coast Botanic Garden Lake and Stream Sediment Samples
 - A.2.3.1 Analytical Data
 - A.2.3.2 Chains of Custody Samples
 - A.3 Water
 - A.3.1 Ground Water Samples
 - A.3.1.1 Analytical Data
 - A.3.1.2 Chains of Custody for Ground Water Samples
 - A.3.1.3 Ground Water Data Outliers
 - A.3.2 Ground Water Samples from RI Borings
 - A.3.2.1 Analytical Data
 - A.3.2.2 Chains of Custody
 - A.3.3 Surface Water and Sediment Samples
 - A.3.3.1 Analytical Data
 - A.3.3.2 Chains of Custody
 - A.3.4 South Coast Botanic Garden Lake and Stream and Hawthorne Blvd. Storm Drain Samples
 - A.3.4.1 Analytical Data
 - A.3.4.2 Chains of Custody
 - A.3.5 Ground Water Samples for Dioxins
 - A.3.5.1 Analytical Data
 - A.3.5.2 Chains of Custody
 - A.3.6 Ground Water Samples for Radioactivity
 - A.3.6.1 Analytical Data

LIST OF APPENDICES (CONTINUED)

- A.3.6.2 Chains of Custody
- A.3.7 Analytical Data from Outside Laboratories: Water Samples
- A.3.8 Time Series Graphs of Volatile Organic Compound Concentrations in Ground Water
- A.3.9 Time Series Graphs of Specific Radionuclide Concentrations in Ground Water

- B. Quality Assurance/Quality Control
 - B.1 Air Samples (Discussion on Air QA/QC)
 - B.1.1 Outside Laboratory Data Sheets -- Batch QA/QC for the Surface Flux Chamber Samples
 - B.2 Soil/Sediment Samples (Discussion on Soil QA/QC)
 - B.2.1 Subsurface Soil Samples
 - B.2.1.1 QA/QC Data for RI Soil Boring Samples
 - B.2.1.2 Equipment Blank Results (RI Soil Boring Samples)
 - B.2.1.3 Outside Laboratory Data Sheets -- Batch QA/QC for the Additional Subsurface Soil Samples
 - B.2.1.4 QA/QC Data for the Additional Subsurface Soil Samples Reported by Analytical Batches
 - B.2.1.5 Results of Rinsate Blank Samples for Additional Subsurface Soil Samples
 - B.2.2 Soil Cover Samples
 - B.2.2.1 Outside Laboratory Data Sheets -- Batch QA/QC for the Additional Soil Cover Samples
 - B.2.2.2 QA/QC Data for the Additional Soil Cover Samples Reported by Analytical Batches
 - B.2.2.3 Results of Rinsate Blank Samples for Additional Soil Cover Samples
 - B.3 Water Samples
 - B.3.1 Ground Water Samples
 - B.3.1.1 General Parameters and Metals -- Batch QA/QC for the Ground Water Samples
 - B.3.1.2 Volatile Organic Compounds -- Batch QA/QC for the Ground Water Samples
 - B.3.1.3 Acid-Base-Neutral Compounds -- Batch QA/QC for the Ground Water Samples
 - B.3.1.4 Pesticides and PCB's -- Batch QA/QC for the Ground Water Samples
 - B.3.1.5 Trip Blank Results
 - B.3.1.6 Equipment Blank Results
 - B.3.1.7 Field Duplicate Results
 - B.3.2 First Ground Water Samples from New Monitoring Wells
 - B.3.2.1 Outside Laboratory Data Sheets -- Batch QA/QC for the First Ground Water Samples from New Monitoring Wells

LIST OF APPENDICES (CONTINUED)

- B.3.2.2 QA/QC Data for the First Ground Water Samples from New Monitoring Wells Reported by Analytical Batches
- B.3.2.3 Results of Trip Blanks for New Monitoring Well Samples
- B.3.3 Surface Water and Sediment Samples
 - B.3.3.1 Outside Laboratory Data Sheets -- Batch QA/QC for the Additional Surface Water and Sediment Samples
 - B.3.3.2 Equipment and Rinsate Blank Results
- C. Field Data
 - C.1 Geologic Logs
 - C.1.1 Pre-RI Borings
 - C.1.2 RI Borings
 - C.2 Hydrographs
 - C.3 Field Data Sheets
 - C.3.1 Field Data Sheets for Ground Water Sampling
 - C.3.2 Field Data Sheets for Surface Water Sampling
 - C.4 As-Built Diagrams
 - C.4.1 Pre-RI Wells and Lysimeters
 - C.4.2 RI Wells and Lysimeters
- D. Technical Memoranda on Field/Modeling Activities
 - D.1 Report on Phase I of RI Boring Program (Herzog Associates)
 - D.2 Report on Phase II of RI Boring Program (Herzog Associates)
 - D.3 Results of the Field Assessment of Surface Emissions of Volatile Organic Compounds, Palos Verdes Landfill Remedial Investigation/Feasibility Study (C.E. Schmidt, Environmental Consultant)
 - D.4 Polychlorinated Dibenzo-p-dioxin and Polychlorinated Dibenzofuran Emissions Tests on the Palos Verdes Energy Recovery from Landfill Gas (PVERG) Facility, Unit 2 (Carnot)
 - D.5 Data Report, Supplemental Hydrogeologic Investigation, Palos Verdes Landfill (Dames & Moore)
 - D.6 South Coast Botanic Garden Lake and Stream Mass Balance Study Data
 - D.7 Master Data File Used in MCS Geologic Model
 - D.8 Report on Well Abandonment for Wells MW-1 through MW-6 (Dale Hinkle, P.E. Inc.)
 - D.9 Air Pathway Calculations for the Palos Verdes Landfill
 - D.10 Toxicity Profiles for the Key Potential Contaminants of Concern
- E. Supporting Reports
 - E.1 Hydrogeologic Characterization Report, Phase I
 - E.2 Hydrogeologic Modelling Report (Dames and Moore, Inc.)
 - E.3 Contaminant Transport Report (Dames and Moore, Inc.)
 - E.4 Surveying Report

LIST OF APPENDICES (CONTINUED)

- E.5 Mineral Leaching Study; Experimental Protocol
 - E.6 Trend Analysis Discussion
 - E.7 Gas Transfer Phenomena as Explained by Henry's Law
 - E.8 San Jose Creek Water Quality Laboratories Quality Assurance Document
 - E.9 Slope Stability Study Report
 - E.10 Emissions Tests; Palos Verdes Energy Recovery from Landfill Gas (Carnot)
 - E.11 South Coast Botanic Garden Lake Liner Specifications
 - E.12 Certification for San Jose Creek Water Quality Laboratories
 - E.13 Hydrologic Evaluation of Landfill Performance (HELP Model)
 - E.14 Industrial Wastewater Discharge Permits
- F. Community Relations
