

Hauler Disposal Authorization Program (HDAP) is a secure internet-based system that will allow haulers to authorize loads over the Internet using a password-protected account. The system will allow you to review the status of the loads you have authorized and issue or cancel authorizations at any time. The application will generate a unique certificate of authorization number that is only valid on the date and location specified. Haulers are required to present the unique certificate code at the scale house at the time of disposal.

Before you are able to authorize loads and generate certificates, you must register with the Districts and obtain a username and password by filling out and returning a signed copy of the on-line application form (reverse side). If you have any questions or require additional assistance with the HDAP application, please contact a Customer Service Representative at (562) 908-4269 or swaccounts@lacsdsd.org.

To submit completed application mail, email or fax to:

Sanitation Districts of Los Angeles County
Accounting Department
P.O. Box 4998
Whittier, CA 90607-4988
swaccounts@lacsdsd.org
Fax # (562) 695-2897
