

Narrative C.S.D. Volume II is Here!

Narrative C.S.D. Volume II spans the Sanitation Districts' history from 1961 to 2018. This book is a companion to *Narrative C.S.D. Volume I*, which covers the agency's history from its inception (1923) to 1961. Electronic versions of both volumes are available on the Public Information Office's intranet page and the Districts'

internet site at www.lacsd.org/history (or About Us→History).

Hard copies of the new volume are available for free to staff and retirees. If you are interested, please contact **Sylvia Raygoza** of the Public Information Office (sraygoza@lacsd.org or ext. 2301) with your request.

As you can read in the book's acknowledgments, this book is the result of many people's efforts. We especially want to thank the primary authors: **Frank Dryden**, **Chuck Boehmke** and **Phil Friess**.
