

Notice and Agenda

REGULAR MEETING — BOARD OF DIRECTORS — COUNTY SANITATION DISTRICT NO. 3

To be held at the OFFICE OF THE DISTRICT
1955 Workman Mill Road, Whittier, California

In response to concerns about the Novel Coronavirus (COVID-19), and in accordance with the provisions of California Government Code Section 54953(e), Directors will attend these meetings via teleconference. To join the meeting, click <https://us02web.zoom.us/j/8091438308> or enter the Meeting ID 809 143 8308 into the Zoom app on your smartphone or computer. Alternatively, you may join by phone by calling (669) 900-9128 and entering the Meeting ID. You may find further information at: <http://www.lacsd.org/agendas>

THE DISTRICT MAY TAKE ACTION ON ANY AGENDA ITEM LISTED BELOW

WEDNESDAY	May 11, 2022	At 1:30 P.M.
Governing Body	Director	Alternate
BELLFLOWER	DUNTON (Chairperson)	SANTA INES
CERRITOS	HU	BARROWS
LAKEWOOD	CROFT	-----
LONG BEACH	R. GARCIA	-----
LOS ANGELES CITY	N. MARTINEZ	BUSCAINO
SIGNAL HILL	JONES	HANSEN
LOS ANGELES COUNTY	MITCHELL	HAHN

1. Public Comment
2. Receive and Order Filed Certificate of Mr. Steve Croft, Presiding Officer of the City of Lakewood
3. Approve Minutes of Regular Meeting Held April 13, 2022
4. Approve February 2022 Expenses in Amount of \$2,287,775.83

Summary: Local District expenses represent costs incurred for operations, maintenance, and capital projects that are the sole responsibility of the individual District. Allocated expenses represent the District’s proportionate share of expenses made by District No. 2, the administrative District, on its behalf pursuant to either the Joint Administration Agreement or the Joint Outfall Agreement. These Agreements provide for the joint administration, technical support and management of the operations, maintenance, and capital costs associated with all of the shared facilities for all of the signatory Districts, along with the methodology for determining the proportionate costs for each District. A listing of Districts’ payments and previously approved budgets can be found on the Districts’ websites at lacsd.org/financial-documents. This item is consistent with the Districts’ Guiding Principle of commitment to fiscal responsibility and prudent financial stewardship.

Local District Expenses:	
Operations & Maintenance (O & M)	\$ 67,455.40
Capital	121,149.13
Allocated Expenses:	
Joint Administration	313,843.73
Technical Support	213,799.16
Joint Outfall	1,571,528.41
Total Expenses	<u>\$2,287,775.83</u>

5. Approve *Resolution of the Board of Directors of County Sanitation District No. 3 of Los Angeles County Proclaiming a Local Emergency, Ratifying the Proclamation of a State of Emergency on March 4, 2020 by California Governor and Authorizing Remote Teleconference Meetings of the Legislative Body*

Summary: Remote teleconferenced meetings, during the continued existence of the Governor’s proclaimed state of COVID-19 emergency, will be conducted under the provisions of AB 361 which added California Government Code Section 54953(e), to the Brown Act. Under the provisions of AB 361 and Government Code Section 54953(e), each District must adopt, by majority vote, a resolution making certain findings about the continuing COVID state of emergency and health and safety risks of conducting their meeting in person. By statute, this Resolution and its referenced findings, are only legally valid for 30 days. The Resolution is attached to the agenda.

6. Re: Wastewater Rates

- (a) Hold Combined Public Hearing on Service Charge Report, Service Charge Rates, Industrial Wastewater Surcharge Rates, Connection Fee Rates, and Collection of Service Charge on Property Tax Roll

Summary: A copy of letters describing the required Board actions that were previously included with the February and April agenda, together with a copy of the Service Charge Report; the preliminary budget; the proposed service charge rate and industrial wastewater surcharge rate ordinances; the proposed connection fee rate ordinance, and a budget explanation and glossary accompany the agenda.

- (b) Adopt Service Charge Report

- (c) Adopt *An Ordinance Prescribing the Service Charge Rate and Mean Loadings per Unit of Usage for County Sanitation District No. 3 of Los Angeles County* and Providing for the Collection of Such Charges on the Tax Roll and Find that Adoption of Ordinances is Exempt from California Environmental Quality Act (CEQA) Under Section 15273 of State Guidelines for Implementation of CEQA (**requires two-thirds vote – 5 affirmative votes**)

Summary: In this District, the current service charge rate per single-family home (SFH) is \$14.58 per month (\$175 per year). The proposed rates for fiscal years 2022-23, 2023-24, 2024-25, and 2025-26 are \$15.33 per month (\$184 per year), \$16.08 per month (\$193 per year), \$16.83 per month (\$202 per year), and \$17.58 per month (\$211 per year), respectively. Owners of multiple dwelling units and commercial properties are charged in proportion to their use compared to an SFH. In February, the Board took actions to begin the process of adopting the proposed ordinances and adopting the service charge report. Since that meeting, Proposition 218 notices were mailed to every parcel served by the District; notices announcing the public hearing were published in newspapers; and public information meetings and virtual tours were held.

- (d) Adopt *An Ordinance Prescribing Industrial Wastewater Surcharge Rates for County Sanitation District No. 3 of Los Angeles County* and Find that Adoption of Ordinances is Exempt from California Environmental Quality Act (CEQA) Under Section 15273 of State Guidelines for Implementation of CEQA (**requires two-thirds vote – 5 affirmative votes**)

- (e) Adopt *An Ordinance Prescribing the Connection Fee Rate and Mean Loadings per Unit of Usage for County Sanitation District No. 3 of Los Angeles County* and Find that Adoption of Ordinances is Exempt from California Environmental Quality Act (CEQA) Under Section 15273 of State Guidelines for Implementation of CEQA (**requires two-thirds vote – 5 affirmative votes**)

Summary: Wastewater connection fees are paid by new dischargers or existing dischargers who increase their discharge. The fees are calculated using a “buy-in” methodology where new users or increasing dischargers buy-in to the existing facilities and funds. Revisions to the Ordinances are needed due to the Joint Outfall System financial consolidation that will become effective July 1, 2022, and the proposed service charge rates presented to the Board in February 2022. Copies of the proposed Connection Fee Rate Ordinance is attached.

Adjourn

- Status Report:** Prior to or during the meeting session, the Chief Engineer and General Manager may update the Directors on various matters concerning the Districts that may be of current interest to the Directors.
- Public Comment:** Members of the public may address the Board of Directors on any item shown on the agenda or matter under the Board’s authority. A “Request to Address Board of Directors” form is available. In compliance with the Americans with Disabilities Act, if you require special assistance to participate in this meeting, please contact the Secretary to the Boards’ Office (562) 908-4288, extension 1100. Notification of 48 hours prior to the meeting will enable staff to make reasonable arrangements to ensure accessibility to this meeting. (28CFR 35.101 et seq. ADA Title II).
- Document Requests:** Links to supporting documents are available online at the time of posting. Agendas and supporting documents or other writings that will be distributed to Board members in connection with matters subject to discussion or consideration at this meeting that are not exempt from disclosure under the Public Records Act are available for inspection following the posting of this agenda at the office of the Secretary to the Boards of Directors located at the Districts’ Joint Administration Building, 1955 Workman Mill Road, Whittier, California, 90601, or at the time of the meeting at the address posted on this agenda.

RESOLUTION OF THE BOARD OF DIRECTORS OF THE COUNTY SANITATION
DISTRICT NO. 3 OF LOS ANGELES COUNTY PROCLAIMING A LOCAL EMERGENCY,
RATIFYING THE PROCLAMATION OF A STATE OF EMERGENCY
ON MARCH 4, 2020 BY CALIFORNIA GOVERNOR AND AUTHORIZING
REMOTE TELECONFERENCE MEETINGS OF THE LEGISLATIVE BODY

WHEREAS, the County Sanitation District No. 3 of Los Angeles County (“District”) is committed to preserving and nurturing public access and participation in meetings of the District’s Board of Directors and committees; and

WHEREAS, all meetings of the District’s Board of Directors are open and public, pursuant to the requirements of the Ralph M. Brown Act (California Government Code Sections 54950-54963) (the “Brown Act”), so that any member of the public may attend, participate, observe and watch the District’s Board of Directors conduct business; and

WHEREAS, the Brown Act, Section 54953(e), allows for conducting and participating in meetings by members of a legislative body, without compliance with the requirements of the Brown Act Section 54953(b)(3), subject to the existence of certain conditions; and

WHEREAS, a required condition under the Brown Act Section 54953(e) is the declaration of a state of emergency by the Governor pursuant to California Government Code Section 8625, proclaiming the existence of conditions of disaster or of extreme peril to the safety of persons and property within California caused by the conditions outlined and described in California Government Code Section 8558; and

WHEREAS, a proclamation of a state of emergency is made when there is an actual incident, threat of disaster, or extreme peril to the safety of persons and property within the jurisdictions that are within the District’s boundaries, caused by natural, technological, or human-induced disasters; and

WHEREAS, it is further required that the state or local officials have imposed or recommended measures to promote social distancing, or the Board of Directors of the District have held a meeting where it considered and determined that meeting in person would present imminent risks to the health or safety of attendees; and

WHEREAS, such conditions now exist in the District as Governor Newsom declared a State of Emergency on March 4, 2020 as a result of the threat of COVID-19; and

WHEREAS, the County of Los Angeles Department of Public Health Order of the Health Officer issued March 3, 2022 (the “County Order”) includes recommendations that all persons within the jurisdiction of the County of Los Angeles public health agency always practice required and recommended infection control measures when among others, especially in an indoor setting; and

WHEREAS, the District’s Board of Directors does hereby find that the ongoing and significant risks associated with COVID-19 infection, especially in the absence of capacity limits and physical distancing requirements for indoor activities, on those individuals with underlying health conditions that make them susceptible to severe COVID-19 illness and individuals who are not and cannot be vaccinated, that COVID-19 infection remains a significant health hazard to all residents, and desires to proclaim a local emergency and ratify the proclamation of a state of emergency by the Governor of the State of California, and further, ratify the County Order findings related to the ongoing health hazards of COVID-19; and

WHEREAS, as a consequence of the declared state of emergency and the local emergency, the Board of Directors of the District does hereby find that the District shall continue to conduct its meetings in accordance with the provisions and requirements of the Brown Act Section 54953(e), and that the legislative bodies of the District shall comply with the requirements to provide the public with access to, and an opportunity to comment at all meetings of the District’s legislative bodies in accordance with the requirements of the Brown Act Section 54953(e)(2); and

WHEREAS, the District will continue its practice of live streaming its meetings via the Zoom software platform which allows members of the public to observe and participate in the meetings via video or call-in options and will continue to offer members of the public an opportunity to make oral comments during the meetings and/or submit written comments before the meetings.

NOW, THEREFORE, THE BOARD OF DIRECTORS OF THE COUNTY SANITATION DISTRICT NO. 3 OF LOS ANGELES COUNTY DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. Recitals. The Recitals set forth above are true, correct, and are incorporated in this Resolution by reference.

Section 2. Proclamation of Local Emergency. The Board of Directors of the District does hereby proclaim that a local emergency now exists throughout the territory of the District and, as described in the County Order, recommendations from health officers include ongoing masking, and social distancing practices especially for indoor settings and particularly for individuals who, due to vaccine status or underlying health conditions, continue to be at risk for severe illness, and COVID-19 infection remains a significant health hazard to all residents of the District.

Section 3. Ratification of Governor's Proclamation of a State of Emergency. The District's Board of Directors hereby ratifies the Governor of the State of California's Proclamation of a State of Emergency, effective as of its issuance date of March 4, 2020.

Section 4. Remote Teleconference Meetings. The Chief Engineer and General Manager, staff and legislative bodies are hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, without limitation, conducting open and public meetings in accordance with the Brown Act Section 54953(e) and all other applicable provisions of the Brown Act.

Section 5. Effective Date of Resolution. This Resolution shall take effect immediately upon its adoption and shall be effective until the earlier of 30 days after the date of this resolution, or such time that the District's Board of Directors adopts a subsequent resolution in accordance with the Brown Act Section 54953(e)(3) to extend the time during which the legislative bodies of the District may continue to teleconference without compliance with the requirements of the Brown Act Section 54953(b)(3).

PASSED AND ADOPTED by the Board of Directors of the County Sanitation District No. 3 of Los Angeles County this 11th day of May 2022 by the following vote:

AYES:

NOES:

ABSTAIN:

ABSENT:

Chairperson

February 4, 2022

Boards of Directors
Los Angeles County Sanitation
Joint Outfall System Districts (JOS)
of Los Angeles County

Directors:

Wastewater Revenue Program for FY 2022-23 through FY 2025-26

The agendas for the upcoming meetings of the JOS Districts' Boards of Directors contain an item regarding the District's wastewater revenue program. This program requires residential, commercial, and industrial dischargers to pay an annual user charge based upon their use of the Districts' sewerage facilities. Residential, commercial, and small industrial dischargers are covered by the service charge program, which collects user charges on the property tax roll. Large industrial dischargers are required to file surcharge statements and to pay their user charge under the industrial wastewater surcharge program.

In 2017, the Boards adopted ordinances setting service charge and industrial wastewater surcharge rates for fiscal years 2017-18 through 2020-21. Rates remained flat in fiscal year 2021-22. Staff recommends the Boards consider adopting new rates beginning with the 2022-23 fiscal year.

In order to implement new rates and to continue to collect the service charges on the property tax roll, the Board must take certain actions. Specifically, pursuant to state law, the Board must: (1) order a Service Charge Report be filed with the District Clerk, (2) establish the date, time, and place for a public hearing on the report, and (3) direct the publication of the required notices. The Board should also consider introducing the following ordinances at the same time: an ordinance prescribing the service charge rates and mean loadings and providing for the collection of the service charge on the tax roll and an ordinance prescribing industrial wastewater surcharge rates.

This matter was discussed with the Personnel Committee (comprised of the Chairpersons of all of the Districts) on January 26, 2022, which concurred with staff recommendations as outlined below.

JOS AD HOC COMMITTEE

In September 2020, a recommendation was made to the Personnel Committee that a Director Ad Hoc Committee be formed to explore opportunities to improve how sharing of ownership and costs of the JOS are managed. The Committee met five times and a report summarizing the issues and presenting the recommendations was finalized in June 2021. Based on the recommendations of the Committee, a new Joint Outfall Agreement (JO Agreement) was approved by the Boards. Under the JO Agreement, each household and commercial business pays essentially the same amount for service when including the total of Ad Valorem (AV) tax, Service Charge, and use of reserves. Each District sets its own Service Charge to supplement its AV tax revenue and use of reserves in order to meet its financial obligations.

In addition, the JO Agreement requires consolidation of most of each Districts' reserve funds in order to provide reserves for the JOS, since virtually all JOS Districts' expenses will be managed as part of the system. This will require the transfer of approximately \$500 million from individual Districts' reserves into the JOS reserves over a five-year period. Consolidating reserves will lead to additional rate stability and financial resiliency.

SERVICE CHARGE RATES

The proposed service charge rates for the fiscal years 2022-23 through 2025-26 for the JOS Districts are shown in the table below. Multi-family residential units will pay 60% of the adopted single-family home rate and condominiums will pay 75% of the adopted single-family home rate. Likewise, commercial and industrial dischargers will pay in proportion to their use of the wastewater management system compared to a single-family home. Dischargers with verified low water usage (particularly seniors and retirees) may also qualify for a reduced charge.

The recommended service charge increases will help lead to long-term service charge rate stability and ensure reserves approach target levels. For some Districts that have high reserves, their service charge rates drop significantly for several years.

Proposed Service Charge Rates

District	Current	July 1, 2022	July 1, 2023	July 1, 2024	July 1, 2025
District 1	193	196	199	202	205
District 2	181	185	189	193	197
District 3	175	184	193	202	211
District 5	167	171	175	179	183
District 8	198	203	208	213	218
District 15	163	167	171	175	179
District 16	160	160	160	160	160
District 17	161	165	169	173	177
District 18	182	185	188	191	194
District 19	173	175	177	179	181
District 21	179	182	185	188	191
District 22	174	177	180	183	186
District 23	132	0	0	0	0
District 28	144	0	0	0	0
District 29	339.75	349	358	367	376
South Bay Cities	136	75	75	75	75

SURCHARGE RATES

In establishing the industrial wastewater surcharge program, the member Districts of the JOS all concurred that the industrial wastewater surcharge rates should not influence where industries decide to locate. Consequently, they agreed that they would all adopt the same industrial wastewater surcharge rates based on the average cost of operating the JOS. As required by the JO Agreement, each District will adopt an ordinance with this rate and the revenues will be used to offset JOS expenses. In addition to adjusting rates to meet financial needs, the loading factors have also been adjusted based on current estimates of industrial discharge and treatment costs. The recommended industrial wastewater surcharge rates for the next four fiscal years are shown below.

Proposed Surcharge Rates

Parameter	Current	July 1, 2022	July 1, 2023	July 1, 2024	July 1, 2025
Flow (\$ per MGD per year)	923.00	811.00	839.00	865.00	891.00
COD (\$ per 1,000 lb)	163.00	162.40	167.80	173.00	178.20
SS (\$ per 1,000 lb)	461.10	388.10	401.30	413.90	426.20
Peak Flow (\$ per gpm)	122.10	111.00	114.80	118.40	121.90

CONNECTION FEE RATES

The Connection Fee rates will also be revised for fiscal years 2022-23 through 2025-26. The actions related to the Connection Fee will occur in March or April.

BUDGET FOR FISCAL YEAR 2022-23

Enclosed for your review is the preliminary budget for fiscal year 2022-23; a list of proposed capital projects (if any); a list of user fees; information on the monies set aside in various funds/reserves; and an explanation of terms used in the budget. The funds and reserves were established and funded in accordance with the Districts' Wastewater Financial Reserve Policies. A preliminary budget for the JOS for fiscal year 2022-23, a list of proposed JOS capital projects, and information on JOS reserves has also been included to provide more detail on each District's share of JO expenses.

A final budget will be presented to the Board for consideration in June as part of the overall budgetary process, adoption of which will authorize budget appropriations.

LOW WATER REBATE PROGRAM

Because the cost of metering wastewater discharges from individual parcels is impractical and cost prohibitive, discharges are estimated using standard loading factors based on the size and types of facilities located on the parcel. With the ongoing efforts by local communities to conserve water and install low-flow plumbing fixtures, many parcels may be discharging at lower rates than is currently estimated. The Districts' low water rebate program allows parcel owners to apply for a reduction in their service charge rate based on their actual water usage. Staff has conducted a concerted public outreach program, including information on the program in our Proposition 218 notices, newspaper advertisements, and the Districts' website, to ensure that parcel owners are aware of the program.

SUMMARY OF REQUIRED ACTIONS

In order to implement new rates, the District must comply with the requirements of both Proposition 218 and the California Health & Safety Code. The first step is to order a Service Charge Report (copy attached) to be filed with the District Clerk. This report contains a description and the amount of the proposed service charge for each parcel, serving as the initial notification to rate payers that new rates are being considered. It also acts as the starting point for the Proposition 218 process in which individual notices are mailed to every property owner in the District. By law, the notice must provide information about the proposed rates and the date, time, and place for a public hearing on those rates. In addition to these minimum requirements, the notice also gives background information about the services being provided, details about a notice through which dischargers can save money (the low-water rebate program), the process for protesting the rates, and a variety of methods by which they can contact Districts' staff for more information. At the same time the Service Charge Report is filed, the Board will be asked to introduce new service charge and industrial wastewater surcharge rate ordinances for the public's review.

At least 45 days after the Prop. 218 notices are mailed, the Board must hold a public hearing on the proposed rates. It is recommended that the public hearing be set for the date, time and location listed on the agenda. After the public hearing is closed, the Board will consider adoption of the Service Charge Report and adoption of the service charge and industrial wastewater surcharge rate ordinances to ensure the new rates become effective on July 1,

2022. Adoption of the Service Charge Report, as is required under the California Health and Safety Code, is necessary in order for the District to continue to collect the approved wastewater service charge as a separate line item on the property tax roll. This is the most cost-effective and efficient means of collecting the service charges.

During the 45-day noticing period the Districts will undertake an extensive public outreach program. As in past years, staff will hold a number of information meetings. A video of the same presentation made at the information meetings will be made available on the Districts website. In addition, virtual tours of Districts' treatment facilities will be conducted for members of the community who have a greater desire to see exactly how their money is being spent. The Districts website has information and documents pertaining to the Districts' finances and will have detailed information about the proposed rate increase. The website also provides information on each owner's specific parcel and charges and explains the low-water rebate program and opportunities for reducing their charges. Lastly, the Districts have a dedicated toll-free telephone number with staff available to answer any questions the public may have.

At the June Board meetings, final budgets will be presented to the Boards of Directors for consideration as part of the overall budgetary process, adoption of which will authorize budget appropriations. In addition, the Boards must take certain administrative actions that are required of all agencies that receive ad valorem taxes. These include establishing by resolution the amount of the tax levy Districts will request from the Los Angeles County Tax Collector and adopting a limit on authorized expenditures of tax proceeds.

Very truly yours,

Robert C. Ferrante

COUNTY SANITATION DISTRICT NO. 3 SERVICE CHARGE REPORT FOR FISCAL YEAR 2022-23

INTRODUCTION

County Sanitation District No. 3 of Los Angeles County encompasses all or portions of the cities of Bellflower, Cerritos, Lakewood, Long Beach, Los Angeles, and Signal Hill and unincorporated Los Angeles County.

District No. 3 is one of seventeen (17) contiguous sanitation districts within the urbanized Los Angeles Basin signatory to the Amended Joint Outfall Agreement. These Districts, known as the Joint Outfall Districts, have formed a regional wastewater management system known as the Joint Outfall System. This regional system provides for operation and maintenance of large sewers, pumping plants, inland water reclamation plants, and the Joint Water Pollution Control Plant. These services are essential to protect the public health of the people served by the system.

District No. 3, as a member of the Joint Outfall System, must provide a proportionate share of the revenue required to operate and maintain the facilities. Additionally, District No. 3 is responsible for any costs associated with the local sewers and pumping plants that are owned by District No. 3 and are solely for its benefit. The general revenue sources currently available to the District include a pro rata share of the ad valorem (property) taxes, service charges, industrial wastewater surcharges, grants, state low-interest loans, interest income, contract revenue and reserves. Any surplus will be transferred to designated reserves to meet targeted reserve requirements.

PROPOSED SYSTEM DESCRIPTION

The required supplemental revenue required under the *Master Service Charge Ordinance of County Sanitation District No. 3 of Los Angeles County* will be allocated among classes of developed parcels of real property on the basis of use of the sewerage system. The revenue derived from the service charge will be used for operation and maintenance and capital costs.

All industrial dischargers in District No. 3 discharging more than 1.0 million gallons per year are required to file a wastewater surcharge statement as prescribed in the Wastewater Ordinance to pay their appropriate share of the costs based on their use of the sewerage system. All other users of the sewerage system, except for contractual and local government users, will pay service charges.

The basic term used to define the service charge is a sewage unit. A sewage unit represents the average daily quantity of sewage flow and strength from a single-family home measured in terms of flow, chemical oxygen demand, and suspended solids. The number of sewage units (SU) per unit of measure shall be determined by the following formula:

$$\text{SU} = A \left(\frac{\text{FLOW}_{\text{avg}}}{\text{FLOW}_{\text{sft}}} \right) + B \left(\frac{\text{COD}_{\text{avg}}}{\text{COD}_{\text{sft}}} \right) + C \left(\frac{\text{SS}_{\text{avg}}}{\text{SS}_{\text{sft}}} \right)$$

where:

- A = The proportion of the total operation and maintenance and capital costs required for conveyance, treatment, and disposal of wastewater for the fiscal year which is attributable to flow;
- B = The proportion of the total operation and maintenance and capital costs required for conveyance, treatment, and disposal of wastewater for the fiscal year which is attributable to COD;

- C = The proportion of the total operation and maintenance and capital costs required for conveyance, treatment, and disposal of wastewater for the fiscal year which is attributable to suspended solids;
- FLOW_{sfh} = Average flow of wastewater from a single-family home in gallons per day;
- COD_{sfh} = Average loading of COD in the wastewater from a single-family home in pounds per day;
- SS_{sfh} = Average loading of suspended solids in the wastewater from a single-family home in pounds per day;
- FLOW_{avg} = Estimated flow of wastewater which will enter the sewerage system from a user in gallons per day;
- COD_{avg} = Estimated loading of COD which will enter the sewerage system from a user in pounds per day;
- SS_{avg} = Estimated loading of suspended solids which will enter the sewerage system from a user in pounds per day.

For fiscal year 2022-23, the proportions of the total operation and maintenance and capital costs attributable to flow, chemical oxygen demand, and suspended solids have been assigned the following values:

A	=	0.3049
B	=	0.3348
C	=	0.3603

The service charge for each sewage unit is determined by dividing the total required supplemental revenue by the total number of sewage units in the District. The service charge for each parcel is determined by multiplying the service charge for each sewage unit by the number of sewage units attributable to the parcel, which in turn, is determined by the class of real property and the sewage unit formula and the flow, COD and SS loadings from Table 1, which shows the corresponding value for each class of real property in District No. 3.

Based upon presently anticipated sources of funds, the service charge rate for fiscal year 2022-23 is \$184 per sewage unit. Parcels with significantly lower water usage may be eligible for a reduced rate pursuant to the terms of the *Master Service Charge Ordinance of County Sanitation District No. 3 of Los Angeles County*.

DESCRIPTION OF PARCELS RECEIVING SERVICES AND IDENTIFICATION OF AMOUNT OF CHARGE FOR EACH PARCEL

All parcels of real property within the 2022-23 Tax Rate Areas as shown in Table 2 are receiving or benefiting from the services and facilities of District No. 3. Additionally, the parcels listed in Table 3, which do not fall within the Tax Rate Areas shown in Table 2, are receiving or benefiting from the services and facilities of District No. 3. Said parcels are more particularly described in maps prepared in accordance with Section 327, Revenue and Taxation Code, which are on file in the office of the County Assessor, which maps are hereby incorporated herein by reference.

All commercial and institutional parcels assessed a service charge based on the Los Angeles County Assessor's current tax roll shall be charged on the basis of not less than one (1.0) sewage unit.

No charge shall be imposed on the owner or owners of any parcels as to which the fair market value of improvements is less than \$1,000 as determined on the basis of the Assessor's current tax roll. This assumption is predicated on the fact that this type of parcel would be a vacant piece of land; however, should subsequent evaluation reveal that the property is not vacant, then an appropriate service charge would be levied.

**TABLE 1
LOADINGS FOR EACH CLASS OF LAND USE**

<u>DESCRIPTION</u>	<u>UNIT OF MEASURE</u>	<u>FLOW (Gallons per Day)</u>	<u>COD (Pounds per Day)</u>	<u>SUSPENDED SOLIDS (Pounds per Day)</u>

Sanitation Districts of Los Angeles County
Wastewater Budget Explanation and Glossary of Terms
Fiscal Year 2022-23

Introduction

The budget package for each District consists of the following sections:

- **Operating Fund Wastewater Budget:** Details of the sources and uses of funds for the Operating Fund, which is the only Unrestricted Reserve fund as described in the District’s wastewater reserve policy. The preliminary budget for the upcoming fiscal year is compared to the final adopted budget for the current fiscal year.
- **Proposed Capital Projects:** Shows major capital projects budgeted expenditures for the fiscal year. If a District has no major capital projects budgeted, this section is omitted.
- **Designated and Restricted Reserve Budget:** Provides beginning and ending balances of each category of reserves along with major inflows to and outflows from that reserve.
- **Rate and Other Information Summary:** Shows current and budgeted rates for the various user fees; summary of projected sewage units; and other metrics.

Terms used in the Budget

Below are explanations of budget line items and other terms used in the budgets. Note that some terms may not apply for certain Districts.

Operating Fund Beginning Balance	Projected cash balance in the Operating Fund as of July 1 at the beginning of the fiscal year shown.
Ad Valorem Taxes Revenue	The District’s share of Ad Valorem (property) taxes paid by property owners in the District.
Service Charge Revenue	Fees paid by residential, commercial and small industrial users of the District’s wastewater system. These fees are generally collected on the property tax bill as a separate line item.
Industrial Waste Revenue	Fees paid by large industrial users of the District’s wastewater system.
Contract Revenue	Sales of reclaimed water; commodity and energy revenue; leases; and other similar sources of revenue.
Interest Revenue	Interest generated by District’s Unrestricted and Designated Reserves.
Grant Revenue	Grant proceeds received, generally state and/or federal grants toward capital projects.

Loan Proceeds	Funds received from loans taken out to finance capital projects, primarily State Revolving Fund Clean Water Loans.
Transfers from Capital Improvement Funds	Funds transferred from Capital Improvement Funds to be used toward capital expenditures.
Joint Administration Operations Expenditures	The District's share of Joint Administration Operating Expenditures less any operational or non-operational Joint Administration Revenues
Joint Outfall Operations Expenditures	The District's share of Joint Outfall System Operating Expenditures less any operational or non-operational Joint Outfall System Revenues
District's Sewer System Operations Expenditures	Expenditures related to operating and maintaining the District's sewers and pumping plants.
Treatment Plant Operations Expenditures	Expenditures related to operating and maintaining treatment plants.
Composting Facility Operations and Maintenance Expenditures	Expenditures related to operating and maintaining composting facilities.
Contract Disposal Operations and Maintenance Expenditures	Expenditures related to the operation and maintenance for conveyance and treatment of wastewater performed by another entity.
Other Operational Expenditures	The District's operational expenditures that are not directly related to the District's facilities, such as insurance, annexations, and certain regulatory work.
Joint Administration Capital Expenditures	The District's share of Joint Capital Expenses minus Joint Capital Revenues.
District Sewer System Capital Expenditures	Capital expenditures related to rehabilitation or expansion of the District's sewers and pumping plants.
Treatment Plant Capital Expenditures	Capital expenditures related to upgrade, repair or expansion of treatment plants.
Composting Facility Capital Expenditures	Capital expenditures related to upgrade, repair or expansion of composting facilities.
Field Office Capital Expenditures	Capital expenditures related to upgrade, repair or expansion of field offices.
Contract Disposal Capital Expenditures	Capital expenditures related to conveyance and treatment of wastewater performed by another entity.

Loan Repayment	Interest and principal payments toward loans, primarily State Revolving Fund Clean Water Loans.
Bond Repayment	Interest and principal payments toward bond debt.
Transfers to Designated Reserves	Surplus funds at the end of the fiscal year not required for operating or cash-flow purposes that are transferred to designated reserves. Designated reserves are primarily used to help stabilize future rates and to set aside funds for future capital projects.
Operating Fund Ending Balance	Projected balance in the Operating Fund as of June 30 at the end of the fiscal year shown.
Total Served Sewage Units	Total number of Sewage Units (single family home equivalent dischargers) that are served by treatment plants owned by the Sanitation Districts.

**AN ORDINANCE PRESCRIBING THE SERVICE CHARGE RATE
AND MEAN LOADINGS PER UNIT OF USAGE FOR
COUNTY SANITATION DISTRICT NO. 3 OF LOS ANGELES COUNTY,
AND PROVIDING FOR THE COLLECTION OF SUCH
CHARGES ON THE TAX ROLL**

THE BOARD OF DIRECTORS OF COUNTY SANITATION DISTRICT NO. 3 OF LOS ANGELES COUNTY ORDAINS AS FOLLOWS:

SECTION 1.0 - USER CATEGORIES AND MEAN LOADINGS

Pursuant to Section 3.04(1) of the *Master Service Charge Ordinance of County Sanitation District No. 3 of Los Angeles County*, the following shall constitute the user categories and mean loadings per unit of usage for flow, chemical oxygen demand (COD), and suspended solids:

<u>DESCRIPTION</u>	<u>UNIT OF MEASURE</u>	<u>FLOW (Gallons per Day)</u>	<u>COD (Pounds per Day)</u>	<u>SUSPENDED SOLIDS (Pounds per Day)</u>
RESIDENTIAL

SECTION 2.0 - COST ALLOCATION FACTORS

Pursuant to Section 3.04(3) of the *Master Service Charge Ordinance of County Sanitation District No. 3 of Los Angeles County*, the proportions of the total operation and maintenance and net capital costs required for conveyance, treatment, and disposal of wastewater for the fiscal year which are attributable to flow, COD, and suspended solids, designated as A, B, and C, respectively, shall be:

<u>A</u>	<u>B</u>	<u>C</u>
0.3049	0.3348	0.3603

SECTION 3.0 - SERVICE CHARGE RATE

Pursuant to Section 3.03(1) of the *Master Service Charge Ordinance of County Sanitation District No. 3 of Los Angeles County*, the following, to be effective on the dates given, shall constitute the annual Service Charge Rate per sewage unit:

<u>July 1, 2022</u>	<u>July 1, 2023</u>	<u>July 1, 2024</u>	<u>July 1, 2025</u>
\$184	\$193	\$202	\$211

SECTION 4.0 - COLLECTION ON THE TAX ROLL

Pursuant to Section 5473 of the California Health and Safety Code, the District elects to have the service charge imposed pursuant to Sections 3.01 through 3.08 of the *Master Service Charge Ordinance of County Sanitation District No. 3 of Los Angeles County* collected on the tax roll in the same manner, by the same persons, and at the same time as, together with and not separately from, the ad valorem taxes collected by the County of Los Angeles.

SECTION 5.0 - VALIDITY

If any part, section, subsection, paragraph, sentence, clause, or phrase of this Ordinance is held invalid or unconstitutional for any reason by any court, that decision does not affect the validity or constitutionality of the remainder of this Ordinance. The Board of Directors declares that it would have adopted each provision of this Ordinance irrespective of the validity of any other provision.

SECTION 6.0 - EFFECTIVE DATE

This Ordinance shall become effective July 1, 2022.

ATTEST:

Clerk, Board of Directors
County Sanitation District No. 3
of Los Angeles County

Chairperson, Board of Directors
County Sanitation District No. 3
of Los Angeles County

**AN ORDINANCE PRESCRIBING INDUSTRIAL WASTEWATER
SURCHARGE RATES FOR COUNTY SANITATION
DISTRICT NO. 3 OF LOS ANGELES COUNTY**

THE BOARD OF DIRECTORS OF COUNTY SANITATION DISTRICT NO. 3 OF LOS ANGELES COUNTY ORDAINS AS FOLLOWS:

SECTION 1.0 – INDUSTRIAL WASTEWATER SURCHARGE RATES

(a) Pursuant to Section 410 of the *Wastewater Ordinance*, adopted by County Sanitation District No. 3 of Los Angeles County, the following, to be effective on the dates given, shall constitute the annual Industrial Wastewater Surcharge Rates:

<u>PARAMETER</u>	<u>July 1, 2022</u>	<u>July 1, 2023</u>	<u>July 1, 2024</u>	<u>July 1, 2025</u>
Flow (a) [per MG]	\$811.00	\$839.00	\$865.00	\$891.00
COD (b) [per 10 ³ lbs]	\$162.40	\$167.80	\$173.00	\$178.20
SS (c) [per 10 ³ lbs]	\$388.10	\$401.30	\$413.90	\$426.20
Peak (d) [per gpm]	\$111.00	\$114.80	\$118.40	\$121.90
Short Form Rate [per MG]	\$3,588.33	\$3,709.51	\$3,824.92	\$3,939.50

(b) To further the use of the Districts’ reclaimed water, a credit, as determined by the Chief Engineer, will be applied to an industry’s wastewater surcharge obligation for the chemical oxygen demand present in reclaimed water utilized by an industrial discharger and which originated at a Districts’ water reclamation plant.

SECTION 2.0 - EFFECTIVE DATE

This Ordinance shall become effective July 1, 2022.

Boards of Directors
Joint Outfall Districts
Los Angeles County Sanitation Districts

Directors:

Connection Fee Program for FY 2022-23 through FY 2025-26

The agendas for the upcoming meetings of the Joint Outfall System (JOS) Districts' Boards of Directors contain an item regarding proposed changes to the Districts' Connection Fee Rate Ordinances (Ordinances). Wastewater connection fees are paid by new users or existing dischargers who increase their discharge.

In 2020, the connection fee program was modified from a system whereby users would pay for the estimated cost of facilities necessary to serve their new or increased discharge to a "buy-in" methodology whereby users would buy-in to the facilities and funds already in place. The rates adopted in 2020 using the new methodology were, in most cases, significantly less than the previous rates.

Revisions to the Ordinances are now needed to reflect the JOS financial consolidation that will become effective July 1, 2022. The proposed rates reflect: the new service charge rates (since the connection fee includes one year of service charge); conversion of local District facilities to JOS facilities; and the creation of JOS funds. The three subsequent annual increases incorporate the impact of increasing service charge rates.

Copies of the proposed Connection Fee Rate Ordinances are attached to the agendas for those Districts considering adopting the proposed changes. If approved, the new Ordinances would take effect July 1, 2022.

Very truly yours,

Robert C. Ferrante

SECTION 2.0 - CONNECTION FEE RATE

Pursuant to Section 3.03 of the *Master Connection Fee Ordinance of County Sanitation District No. 3 of Los Angeles County*, the following, to be effective on the dates given, shall constitute the Connection Fee Rate per capacity unit:

<u>COST COMPONENT</u>	<u>July 1, 2022</u>	<u>July 1, 2023</u>	<u>July 1, 2024</u>	<u>July 1, 2025</u>
District Capital	\$0	\$0	\$0	\$0
Joint Outfall Capital	\$1,570	\$1,570	\$1,570	\$1,570
Operational	\$184	\$193	\$202	\$211
Total	\$1,754	\$1,763	\$1,772	\$1,781

SECTION 3.0 - COST ALLOCATION FACTORS

Pursuant to Section 3.04(1) of the *Master Connection Fee Ordinance of County Sanitation District No. 3 of Los Angeles County*, the proportions of the total capital costs required to construct the sewerage system including, conveyance, treatment, and disposal of wastewater which are attributable to flow, COD, and suspended solids, designated as X, Y, and Z, respectively, to be effective on the dates given, shall be:

X = 0.6513

Y = 0.1325

Z = 0.2162

SECTION 4.0 - VALIDITY

If any part, section, subsection, paragraph, sentence, clause, or phrase of this Ordinance is held invalid or unconstitutional for any reason by any court, that decision does not affect the validity or constitutionality of the remainder of this Ordinance. The Board of Directors declares that it would have adopted each provision of this Ordinance irrespective of the validity of any other provision.

SECTION 5.0 - EFFECTIVE DATE

This Ordinance shall become effective July 1, 2022.
