3. Approve Minutes of Adjourned Regular Meeting Held November 10, 2022
4. Approve *Resolution of the Board of Directors of County Sanitation District No. 20 of Los Angeles County Proclaiming a Local Emergency, Ratifying the Proclamation of a State of Emergency on March 4, 2020 by California Governor and Authorizing Remote Teleconference Meetings of the Legislative Body*

Summary: Remote teleconferenced meetings, during the continued existence of the Governor's proclaimed state of COVID-19 emergency, will be conducted under the provisions of AB 361 which added California Government Code Section 54953(e), to the Brown Act. Under the provisions of AB 361 and Government Code Section 54953(e), each District must adopt, by majority vote, a resolution making certain findings about the continuing COVID state of emergency and health and safety risks of conducting their meeting in person. By statute, this Resolution and its referenced findings, are only legally valid for 30 days. The Resolution is attached to the agenda.

5. Adopt Resolution Establishing Time and Place for Regular and Special Meetings

Summary: The Ralph M. Brown Act requires that the Board provide, by ordinance, resolution or other rule, the time and place for regular meetings. It is recommended that regular meetings be held on the second Thursday of every month, except in August, where no meetings will be held, at 11:30 a.m., in the Board Room of the Palmdale City Hall located at 38300 Sierra Highway, Palmdale, California. Special meetings may be called at any time by the Chairperson of the Board as the presiding officer, or by a majority of the members of the Board of Directors and notice must be delivered at least twenty-four (24) hours before the time of such meetings as specified in the notice. The Resolution is attached to the agenda. This item is consistent with the Districts' Guiding Principle to provide transparent communication to our Boards and the public.

6. Authorize Issuance of Purchase Order to Irrigation Training and Research Center (ITRC) in Amount of Approximately \$528,000 to Provide Agricultural Consulting Services and Vadose Zone Monitoring System Maintenance at Palmdale Water Reclamation Plant (WRP) Agricultural Site (AS) and Storage Reservoir Site (SRS) for Approximately Four Years

Summary: The California Regional Water Quality Control Board, Lahontan Region (Regional Board) requires that soil moisture above the groundwater table (vadose zone) be monitored at the Palmdale WRP Agricultural Site (AS) and Storage Reservoir Site (SRS). The Regional Board also requires the District to assure recycled water is applied to crops at the AS at or below agronomic rates and to conduct monitoring and reporting by a qualified agricultural expert to demonstrate compliance with permit requirements. Proposals for these tasks were solicited from six firms, and three proposals were received. ITRC was ranked as the most qualified to provide the required services, and a cost-effective proposal has been provided. The total cost of approximately \$528,000 is required to provide the time and materials necessary to maintain permit compliance at the Palmdale WRP AS and SRS for approximately four years. Staff has determined that the project is exempt from the provisions of the California Environmental Quality Act (CEQA)

6. Contd.

pursuant to Title 14 of the California Code of Regulations (“CEQA Guidelines”) Section 15321. This item is consistent with the Districts’ Guiding Principle of commitment to operational excellence (protection of public health and the environment regulatory compliance, and cost effectiveness).

7. Approve and Order Executed [First Amendment to Project Development and Non-Disclosure Agreement](#) (Amendment) with Pacifico Power, LLC, (Pacifico) to Provide up to \$100,000 to Explore Feasibility of Solar and Energy Storage Project at Palmdale Water Reclamation Plant (WRP)

Summary: On March 10, 2022, the District executed a Project Development and Non-Disclosure Agreement (Agreement) with Pacifico to evaluate the viability of a solar energy project at Palmdale WRP. The Agreement provided a 270-day exclusivity period and up to \$30,000 to reimburse engineering expenses and third-party fees, including Southern California Edison’s (SCE), if the project was not viable. Due to project size and complexity, SCE indicated that additional studies are required that will cost approximately \$63,000. The proposed Amendment increases the not-to-exceed amount for third-party reimbursements to \$100,000 and extends the exclusivity period by one year. As previously reported to the District, SCE’s complimentary review of the Pacifico proposal indicated a 20-year cumulative savings of approximately \$7-11 million net present value if a project is implemented. The Agreement and Amendment do not commit the District to a full project award but will allow the evaluation to be completed. Future District approval will be required if a viable project can be developed. Staff has determined the Amendment is exempt or otherwise not subject to the provisions of the California Environmental Quality Act (CEQA) pursuant to California Public Resources Code Section 21084(a) and Title 14 of the California Code of Regulations (“CEQA Guidelines”). This item is consistent with the Districts’ Guiding Principles to maximize use of our assets and resources (recycled water, recyclables, and energy).

8. Approve and Order Executed and Recorded [Monitoring Well Relocation Agreement](#) (Agreement) with Copart, Inc., (Copart) for Relocation of Palmdale Monitoring Well 65 (MW65)

Summary: Copart is currently developing an 80-acre industrial site located adjacent to the District’s Palmdale groundwater MW65. MW65 is currently located in the public right of way, and Copart must relocate the monitoring well to complete traffic improvements required by the City of Palmdale as a condition of approval for the proposed development project. The proposed Agreement requires Copart to destroy MW65, construct a replacement monitoring well at a nearby location, and grant the District any necessary easements for access to the replacement monitoring well, all at no cost to the District. Staff has determined that the Project is exempt or otherwise not subject to the provisions of the California Environmental Quality Act (CEQA) pursuant to Title 14 of the California Code of Regulations (“CEQA Guidelines”) Sections 15301 and 15302. This item is consistent with the Districts’ Guiding Principles of commitment to protect financial and facility assets through prudent investment and maintenance programs; and to provide reliable and responsible services with safety first.

9. Introduce *An Ordinance Prescribing Fees for the Annexation of Territory to County Sanitation District No. 20 of Los Angeles County* and Waive Reading of Said Ordinance in its Entirety

Summary: Properties outside the jurisdictional boundary of the District must be annexed to the District before sewerage service can be provided. The cost of processing the annexation application is borne by the applicant pursuant to the District’s existing Master Annexation Fee Ordinance and Annexation Fee Rate Ordinance (Existing Ordinances), which were both adopted in 2007. The current method of calculating the fee is a tiered acreage-based approach. However, this method results in inequities in certain circumstances. Furthermore, the cost to process an annexation application does not vary significantly between a large or small property. The proposed ordinance, which is attached, supersedes the Existing Ordinances and establishes a flat fee of \$2,000 per annexation application, which is more equitable and representative of the actual cost to process each annexation. In October 2022, the Personnel Committee, comprised of the Chairs of all active Districts, unanimously endorsed the proposed ordinance. This item is consistent with the Districts’ Guiding Principles of commitment to continual improvement; and commitment to fiscal responsibility and prudent financial stewardship.

10. Adopt Policies as Follows:

- (a) [Purchasing Policy](#)
- (b) [Investment Policy](#)
- (c) [Debt Management Policy](#)
- (d) [Wastewater Financial Reserve Policy](#)

Summary: As part of the continuing effort to ensure the Districts follows best practices as it relates to financial matters, revisions to certain policies are being recommended. First, sound Investment, Debt Management, and Financial Reserve Policies are crucial to maintaining the Districts’ financial stability, and changes are being proposed to the existing policies to ensure consistency across the Districts, ensure

10. Contd.

transparency in Districts' finances, and improve the Districts' investment performance. Second, the Districts' Purchasing Policy establishes rules for purchase of materials, supplies, equipment, services, and construction projects. Proposed revisions to the policy clarify certain provisions, ensure current practices are incorporated into the policy, and add provisions for related business practices. In October 2022, the Personnel Committee, comprised of the Chairs of all of the active Districts, unanimously endorsed the proposed revisions. A letter summarizing these proposed changes is attached. Links to the policies showing proposed revisions can be found on the posted agenda on the Districts' website ([www.lacsd.org](http://www.lacsd.org)). This item is consistent with the Districts' Guiding Principles of commitment to fiscal responsibility and prudent financial stewardship; and to plan for both short-term and long-term needs to minimize the need for significant rate increases.

  - (a) the District Fee divided by the number of parcels in the application; and
  - (b) the LAFCO fee multiplied by the ratio of the acreage of the parcel to the total acreage of all of the parcels included in the application; and

## **PART IV -- TERMINATION OF APPLICATION**

---

### SECTION 4.01 – TERMINATION

The final Annexation Fee shall be the sum of the District Fee plus the Agency Fees based on the total acreage of each parcel in the application, as determined by the Chief Engineer, and calculated pursuant to Section 3.02 using the Agency Fees in effect as of the date the request is considered by the Board of Directors.

If the final Annexation Fee is greater than the Annexation Fee paid at the time of application, the owner of each parcel seeking annexation shall pay the difference before the Board of Directors considers the resolution of making application to LAFCO.

If the final Annexation Fee is less than the Annexation Fee paid at the time of application, the District shall refund the difference to the owner of each parcel pursuant to Section 3.06.

- (2) For annexations in which the owner of each parcel has directly petitioned LAFCO pursuant to Part 3, Chapter 2 of the Act and LAFCO has requested the District's assistance in preparing the necessary application, the Chief Engineer shall calculate the final Annexation Fee at the time LAFCO makes its request. The final Annexation Fee shall be the sum of the District Fee plus the Agency Fees based on the total acreage of each parcel in the application, as determined by the Chief Engineer, and calculated pursuant to Section 3.02 using the Agency Fees in effect when LAFCO made its request. The owner of each parcel shall pay this amount before the District commences work on the application.

SECTION 5.03 – ADMINISTRATIVE CHARGES

The Chief Engineer shall add an administrative charge to the Annexation Fee in the event a check tendered for payment is not honored. The Chief Engineer shall establish the amount of the charge to reflect the District's added cost in processing dishonored checks, up to the maximum amount allowed by law, and may adjust it from time to time as required to continue to reflect the District's added cost.

SECTION 5.04 – MANNER OF PAYMENT

The Chief Engineer shall determine the manner in which the Annexation Fee may be paid. If a manner of payment requires the District to pay a transaction fee, the parcel owner shall pay the transaction fee to the District as an additional charge.

### **Financial Policies**

The agenda for upcoming meetings of the Boards of Directors contains an item regarding proposed revisions to several District policies.

#### **FINANCIAL POLICIES**

Financial policies form the cornerstone of the Districts' financial practices and are intended to provide guidance when preparing budgets, adopting rates, and developing long-term capital programs. Use of the policies helps create financial stability, allowing us to provide the vital services in a cost-effective manner, weather periods of economic downturn without having to impose significant rate increases, and construct capital projects in a timely fashion despite fluctuations in costs from year to year. Revisions to the financial policies are recommended that will ensure consistency across the Districts, ensure transparency in Districts' finances, and improve the Districts' investment performance. These revisions were endorsed by the Personnel Committee on October 26, 2022.

One administrative change is consolidation of each of the individual Districts' Investment, Debt Management and Wastewater Financial Reserve policies into common policies adopted by all of the Districts. With few exceptions, the existing individual District policies are identical to each other. Consolidating the policies will streamline the adoption of the policies and improve transparency.

Other recommended revisions to the financial policies are as follows:

#### **Investment Policy**

- Addition of state issued bonds (all 50 states) and local agencies (within California only) as permitted investments.
- Clarification that downgraded securities are treated as "A" rated policies for the purposes of limit testing, eliminating the need to sell securities at a loss when they are downgraded.
- Removal of a provision allowing Investments between the Districts' Solid Waste System and the Joint Outfall System for the Clearwater Tunnel Project. Alternative financing has been secured for the Clearwater Tunnel and this provision is no longer needed.
- Reduction of audits for compliance with investment limits from quarterly to semi-annually.

#### **Debt Management Policy**

- Addition of a provision for federal low-interest loans through the Water Infrastructure Finance and Innovation Act or WIFIA.
- Removal of two debt instruments that are no longer applicable.
  - CIF debt is no longer applicable due to changes in the most recently adopted connection fee ordinances

- As mentioned above, a debt agreement between the Districts' Solid Waste System and the Joint Outfall System for the Clearwater Tunnel Project is no longer needed.
- Addition of a provision to encourage participation and selection of disadvantaged businesses for underwriting services.

#### Financial Reserve Policies

- Update of uses of the Natural Disaster and Self-Insured Retention Fund to include not only deductible and self-insure retention costs, but also costs above the Districts' insured limits. This is recommended to expand this fund's coverage for costs above the Districts' insured limits, in addition to covering the deductible and self-insured retention layers.
- Inclusion of all Joint Administration Funds to ensure all funds are covered under the Wastewater Policy.
- Addition of Rate Stabilization Fund to the Wastewater Policy, which is currently tracked but not held as a separate fund.
- Addition of Fee-in-Lieu and Puente Hills Landfill Park Settlement related funds in the Solid Waste Policy.

#### **PURCHASING POLICY**

Revisions are also recommended for the Purchasing Policy, which establishes rules for purchase of materials, supplies, equipment, services, and construction projects. Most of the revisions clarify and improve wording.

#### Purchasing Policy

- Authorizes the Purchasing Agent to procure temporary property rights up to \$100,000 to accommodate construction of District's projects.
- Clarifies reporting responsibilities to the Board on any action taken with emergency authority: requires a report at the next Board meeting and approval by the Board when the work is complete.
- Increases authority to settle or reject claims up to \$100,000 from the current authority of \$5,000.
- Adds a provision to allow issuance of orders and contracts without Board approval when there is an urgent need, and the Board is not expected to meet. Ratification by the Board is required at the next meeting.

#### **CONCLUSION**

The proposed Policies will be presented to each Board for adoption over the next several months. You may find the link to the policies on the posted agenda on the Districts' website ([www.lacsd.org](http://www.lacsd.org)), or you may contact Kim Christensen at [kchristensen@lacsd.org](mailto:kchristensen@lacsd.org), for hard copies to be mailed directly to you. If approved, the new Policies will take effect after adoption by all of the Boards.

Very truly yours,

Robert C. Ferrante
