

CONTRACT NO. 5507

ORIGINAL

CONTRACT

BETWEEN

COUNTY SANITATION DISTRICT NO. 2 OF LOS ANGELES COUNTY

AND

SANCON TECHNOLOGIES, INC.
(A Corporation)

FOR

THE CONSTRUCTION OF
DISTRICT 18 TRUNK SEWERS GROUP 1 REHABILITATION

Located in the City of Whittier and Unincorporated Los Angeles County, California

AGREEMENT FOR PUBLIC WORKS CONSTRUCTION

This agreement for public works construction (“Agreement”) is dated _____ and is between COUNTY SANITATION DISTRICT NO. 2 OF LOS ANGELES COUNTY, a county sanitation district organized and existing under the County Sanitation District Act, California Health & Safety Code, Division 5, Part 3, Chapter 3, Sections 4700 et seq. (the “District”), and

SANCON TECHNOLOGIES, INC.
(Corporation)

(the “Contractor”).

The District and the Contractor agree, as follows:

FIRST: The Contractor shall furnish all tools, equipment, labor, and material necessary to perform and complete, and to faithfully perform and complete, in good and workmanlike manner, the construction of

DISTRICT 18 TRUNK SEWERS GROUP 1 REHABILITATION

(the “Work”), all in accordance with the Special Provisions and the Standard Specifications for Public Works Construction, 2018 Edition, complete with the District’s Amendments to the Standard Specifications, 2018 Edition, which are on file in the Office of the Chief Engineer of the District at 1955 Workman Mill Road, Whittier, California, 90601 (the “Contract Documents”). The Contract Documents and the proposal of the Contractor, which is also on file in the Office of the Chief Engineer, are incorporated by reference and made a part of this Agreement.

SECOND: The Contractor shall furnish all necessary tools, equipment, labor, and materials and shall perform and complete the Work as required or indicated by the Contract Documents under the direction and to the satisfaction of the District’s Chief Engineer.

THIRD: The Contractor shall diligently prosecute the Work to ensure the completion of the Work within 220 working days of the date in the Notice to Proceed to be issued by the District’s Chief Engineer as provided in the Contract Documents.

FOURTH: Pursuant to applicable provisions of the California Labor Code, the Contractor shall pay all workers employed on the Work by the Contractor, or by any subcontractor doing or contracting to do any part of the Work, not less than the general prevailing rate of per diem wages, and not less than the general prevailing rate of per diem wages for legal holiday and overtime work, for each craft or type of worker needed to perform the Work, as ascertained by the Director of the Department of Industrial Relations. In the event of non-compliance, the Contractor will be subject to the penalties provided in Labor Code Section 1775. No contractor or subcontractor may be listed on a bid proposal or awarded a contract or subcontract for this project unless it is registered with the Department of Industrial Relations and pays the required registration fee pursuant to Labor Code Section 1725.5. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. The Contractor shall keep and certify an accurate payroll record in accordance with the provisions of Labor Code Section 1776. The Contractor shall make its payroll record available for inspection in accordance with California Labor Code Section 1776, and shall be subject to the penalties provided in that Section in the event of noncompliance. The District may withhold any penalties assessed against the Contractor from progress payments then due.

A copy of the listing of general prevailing wage rates may be obtained from the State of California Department of Industrial Relations, Director's Office of Policy, Research and Legislation, Prevailing Wage Unit, at (415) 703-4774 or by visiting their web site at "www.dir.ca.gov".

As provided in Labor Code Section 1810, eight hours constitutes a legal day's work.

FIFTH: The District is authorized to withhold a portion of the amounts due Contractor as retention pending completion of the Work. At the request and expense of the Contractor, securities equivalent to amounts withheld as retention may be deposited with the District, or with a state or federally chartered bank as an escrow agent, who shall deliver the retention or retained securities to the Contractor upon satisfactory completion of the Work. This option provided to Contractor is currently provided for in California Public Contract Code Section 22300. Should that section cease to be effective, the Contractor will not have this option as to any progress payment paid or payable after the date the section ceases to be effective. Securities eligible for deposit under California Public Contract Code Section 22300 may only include those listed in Section 16430 of the Government Code or bank or savings and loan certificates of deposit. The Contractor shall be the beneficial owner of any security substituted for monies withheld and shall receive any interest earned on the deposited amounts.

SIXTH: The Contractor shall comply with Section 1777.5 of the Labor Code. Responsibility for compliance with this Section for all apprenticeable occupations shall be fixed with the Contractor.

SEVENTH: In consideration of the full and satisfactory performance of this Agreement, the District shall pay the Contractor, and the Contractor shall accept in full and final payment for the Work, the following prices for the different classes or units of work specified, namely:

Item 1 – For mobilization, including but not limited to, bonds, insurance, submittals, implementation of web-based project management protocol and yard, the lump sum of \$120,000.00.

Item 2 – For permit related costs and for complying with modified and/or additional conditions and requirements imposed by the required permits, which were not known or reflected in the Plans and Special Provisions at the time of bidding, including application fees, inspection fees, plan check fees and all work and materials incidental thereto, to be paid at the Engineer's discretion, the allowance sum of \$50,000.00.

Item 3 – For the flow bypass and diversions as specified in Section 8.3 of the Special Provisions, including setup, operation, maintenance, and removal of the bypass system; installation and removal of each diversion; electronic flow and elevation monitoring system; traffic control; excavation; bridge plating system; backfilling and restoration of shallow trenches; site restoration; and all work and materials incidental thereto, the lump sum of \$1,523,140.00.

Item 4 – For the cured-in-place pipe (CIPP) lining of approximately 28 linear feet of 8-inch diameter vitrified clay pipe (VCP) sewer as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, the unit price of \$341.00 per linear foot.

Item 5 – For the cured-in-place pipe (CIPP) lining of approximately 4,180 linear feet of 12-inch diameter non-reinforced concrete pipe (NRCP) sewer as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, the unit price of \$93.00 per linear foot.

Item 6 – For the cured-in-place pipe (CIPP) lining of approximately 2,314 linear feet of 15-inch diameter non-reinforced concrete pipe (NRCP) sewer as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, the unit price of \$137.00 per linear foot.

Item 7 – For the cured-in-place pipe (CIPP) lining of approximately 1,818 linear feet of 16-inch diameter vitrified clay pipe (VCP) sewer as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, the unit price of \$114.00 per linear foot.

Item 8 – For the cured-in-place pipe (CIPP) lining of approximately 4,841 linear feet of 18-inch diameter non-reinforced concrete pipe (NRCP) and reinforced concrete (RCP) sewer as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, the unit price of \$124.00 per linear foot.

Item 9 – For the cured-in-place pipe (CIPP) lining of approximately 1,993 linear feet of 21-inch diameter non-reinforced concrete pipe (NRCP) and reinforced concrete (RCP) sewer as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, the unit price of \$190.00 per linear foot.

Item 10 – For the cured-in-place pipe (CIPP) lining of approximately 1,033 linear feet of 24-inch diameter vitrified clay pipe (VCP) sewer as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, the unit price of \$215.00 per linear foot.

Item 11 – For the cured-in-place pipe (CIPP) lining of approximately 883 linear feet of 27-inch diameter reinforced concrete pipe (RCP) sewer as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, the unit price of \$300.00 per linear foot.

Item 12 – For the cured-in-place pipe (CIPP) lining of approximately 433 linear feet of 30-inch diameter reinforced concrete pipe (RCP) sewer as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, but EXCLUDING the CIPP lining work described in Item 23 below, the unit price of \$285.00 per linear foot.

Item 13 – For the cured-in-place pipe (CIPP) lining of approximately 2,438 linear feet of 33-inch diameter reinforced concrete pipe (RCP) sewer as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, the unit price of \$367.00 per linear foot.

Item 14 – For the rehabilitation of approximately one hundred (100) existing manholes, using either calcium aluminate cement or polyurethane protective coating system as specified in Section 9 and 10 of the Special Provisions, including traffic control and all work and materials incidental thereto, the unit price of \$3,750.00 each.

Item 15 – For the rehabilitation of approximately five (5) existing manholes/structures with an epoxy protective coating system as specified in Section 11 of the Special Provisions, including traffic control and all work and materials incidental thereto, the unit price of \$10,000.00 each.

Item 16 – For re-establishing approximately one hundred eighty-seven (187) existing service connections within the proposed CIPP-lined sewer, including notifications and all work and materials incidental thereto, the unit price of \$50.00 each.

Item 17 – For locating and exposing approximately seventeen (17) chimney connections to perform bypass of flow from service connections as specified in Sections 3.6 and 8.3 of the Special provisions, including notification, coordination, locating, excavating, removal and replacement of sewer laterals, backfill, and restoration, and all work and materials incidental thereto, the unit price of \$13,500.00 each.

Item 18 – For the verification and locating of approximately nineteen (19) cleanouts via non-destructive and non-invasive methods as specified in Sections 3.5 and 8.3 of the Special Provisions, including notification, coordination, locating, and all work and materials incidental thereto, the unit price of \$800.00 each.

Item 19 – For the construction of approximately twenty-one (21) cleanouts as specified in Section 3.5 and 8.3.17 of the Special Provisions, including notification, coordination, installation, restoration, and all work and materials incidental thereto, the unit price of \$11,500.00 each.

Item 20 – For the removal and reinstatement of the flow diversion at MHs 18 1097, 18 0006, 18 0649, and 18 0488 for two (2) storm events as specified in Section 8.3.21 of the Special Provisions, including setup, maintenance, and removal and reinstatement of flow diversion, and all work and materials incidental thereto, the unit price of \$1,500.00 each.

Item 21 – For the furnishing, placing, maintaining, removing, and disposing of approximately forty (40) tons of temporary resurfacing, the unit price of \$275.00 per ton.

Item 22 – For removing, handling, stockpiling, covering, transporting, and disposing at an approved facility off site of approximately 1 cubic yards of contaminated soil, including all work and material incidental thereto, as directed by the Engineer, the unit price of \$1,100.00 per cubic yard.

Item 23 – For the cured-in-place pipe (CIPP) lining of approximately 666 linear feet of 30-inch diameter vitrified clay pipe (VCP) and reinforced concrete pipe (RCP) on the North Plant Outfall Trunk between MH 18 0625 and MH 18 0627 as specified in Section 8 of the Special Provisions, including traffic control; cleaning, removal and disposal of debris; pre- and post-lining closed circuit television (CCTV) inspection; point repair(s); installing, curing, and testing of the liner; site restoration; temporary sanitary facilities; and all work and materials incidental thereto, the unit price of \$285.00 per linear foot.

Each party is signing this Agreement on the date stated opposite that party's signature.

BOND FOR FAITHFUL PERFORMANCE

KNOW ALL MEN BY THESE PRESENTS:

That we, SANCON TECHNOLOGIES, INC.
(Corporation)

as Principal, and (Name)
(Address)

as Surety, jointly and severally, and on behalf of our heirs, executors, administrators, successors and assigns, shall pay to COUNTY SANITATION DISTRICT NO. 2 OF LOS ANGELES COUNTY (the "District") the sum of SIX MILLION TWO HUNDRED TWENTY-FIVE THOUSAND TWO HUNDRED FIFTY-EIGHT DOLLARS AND NO CENTS - (\$6,225,258.00) -.

The consideration for this obligation is the District's award of the attached contract to Principal for the construction of

DISTRICT 18 TRUNK SEWERS GROUP 1 REHABILITATION

("Work"). The Principal is required to give this bond upon execution of the contract.

If the Principal fully performs all of the Work in accordance with all of the requirements of the contract and in the manner and at the times specified in the contract, then the Principal's and Surety's obligation under this bond shall be null and void, otherwise it shall be and remain in full force and effect.

Changes or alterations in the Work made pursuant to the terms of the contract will not in any way release either the Principal or Surety, nor shall any extensions of time granted under the provisions of the contract, release either the Principal or Surety. Notice of any changes or alterations or extensions of the contract is hereby waived by the Surety.

If changes or alterations are made in the contract or the Work that alter the general character of the Work, or that increase the total amount to be paid to the Contractor by more than twenty-five percent (25%), the District or Principal shall first obtain the written consent of the Surety.

The Principal and Surety are signing this bond for faithful performance on _____.

as Surety, jointly and severally, and on behalf of our heirs, executors, administrators, successors and assigns, shall pay to COUNTY SANITATION DISTRICT NO. 2 OF LOS ANGELES COUNTY (the "District") the sum of SIX MILLION TWO HUNDRED TWENTY-FIVE THOUSAND TWO HUNDRED FIFTY-EIGHT DOLLARS AND NO CENTS - (\$6,225,258.00) -.

This bond is in accordance with Section 9554 of the Civil Code of the State of California and is not less than one hundred percent (100%) of the total amount payable by the terms of the contract.

The consideration for this obligation is the District's award of the attached contract for the construction of

DISTRICT 18 TRUNK SEWERS GROUP 1 REHABILITATION

("Work"). The Principal is required to give this bond to the District to secure the claims referred to in Chapter 5 (commencing with Section 9550) of Title 3, Part 6 of Division 4 of the Civil Code of the State of California in connection with the Work.

If the Principal or its subcontractors fail to pay for any materials, provisions, provender, or other supplies, used in, upon, for, or about the performance of the Work, or for any Work or labor done, or for amounts due under the Unemployment Insurance Act with respect to such Work or labor, or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of the Contractor and his subcontractors pursuant to Section 13020 of the Unemployment Insurance Code, the Surety shall pay the same in an amount not exceeding the sum of SIX MILLION TWO HUNDRED TWENTY-FIVE THOUSAND TWO HUNDRED FIFTY-EIGHT DOLLARS AND NO CENTS - (\$6,225,258.00) - and also, in case suit is brought upon this bond, shall pay, in addition to that amount, reasonable costs, expenses and fees, including reasonable attorney's fees, incurred by the District in successfully enforcing such obligation to be awarded and fixed by the court and to be taxed as costs and to be included in the judgment rendered in any such suit.

Changes or alterations in the Work that may be made pursuant to the terms of the contract will not in any way release either the Principal or Surety, nor will any extensions of time granted under the provisions of the contract release either the Principal or Surety. Notice of any changes or alterations or extensions of the contract is hereby waived by the Surety.

This bond will inure to the benefit of any and all persons, companies, or corporations entitled to file claims under Title 3 (commencing with Section 9100) of Part 6 of Division 4 of the Civil Code so as to give a right of action to them or their assigns in any suit brought upon this bond.

The Principal and Surety are signing this payment bond on _____.
